WHAT IS MEASURE G-26?

Measure G-26 is a general obligation (GO) bond measure on the November 3, 2026, General Election ballot. If approved by at least 55% of ballots cast, Measure G-26 will authorize \$205 million in bonds to renovate high school facilities. In addition, voter approval of Measure G-26 will allow the district to qualify for State matching funds.

WHAT IS A GO BOND?

California school districts commonly use GO bonds to fund improvement projects, such as constructing and renovating classrooms. Similar to a home loan, GO bonds are repaid over time. Funds to repay the bonds come from a tax on all taxable property—residential, commercial, industrial, and agricultural—located within the district.

HOW MUCH WILL MEASURE G-26 COST?

Measure G-26 is estimated to have an average annual tax rate of **less than \$50 per \$100,000** of assessed valuation. Assessed valuation should not be confused with market value. The assessed valuation is the value placed on property by San Luis Obispo County or Monterey County and is typically lower than market value.

HOW CAN I VOTE?

Vote in Person: You may vote in person at your assigned polling place on Election Day. Your polling place is listed in your county voter information guide. Visit slocounty.ca.gov or countyofmonterey.gov for locations and hours.

Return Your Ballot: Every registered voter in California will receive a ballot in the mail. After completing your ballot, sign and date the return envelope. You may return it at an official Ballot Drop Box or by mail using the prepaid-postage envelope. Ballots returned by mail must be postmarked **on or before November 3, 2026.**

For Ballot Drop Box locations, voter registration, or additional election information, visit slocounty.ca.gov or countyofmonterey.gov.
