Q3 How well do your current classrooms support the teaching of your subject(s)?

Answered: 71 Skipped: 5

	POORLY	NOT VERY WELL	NEUTRAL	SOMEWHAT WELL	WELL	TOTAL	WEIGHTED AVERAGE
(no label)	5.63%	8.45%	22.54%	46.48%	16.90%	71	2.39
	4	6	16	33	12		

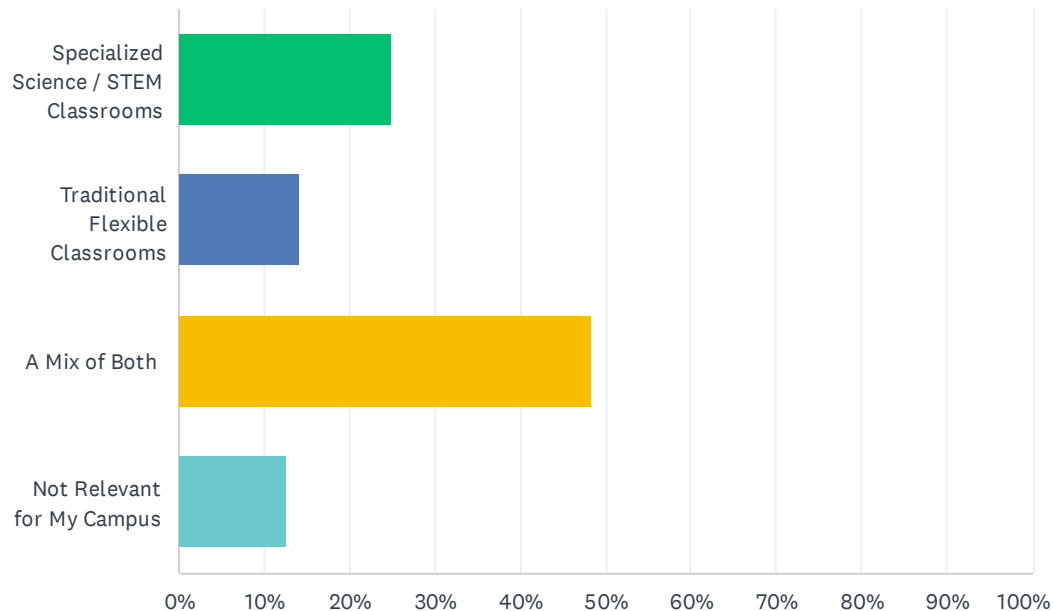

#	ADDITIONAL COMMENTS:	DATE
1	Technology in my classroom is pieced together. There are wires every where and speakers only on the desk for the whole classroom.	12/10/2025 10:03 AM
2	Big class sizes leaves little wrong for small group learning centers	12/9/2025 12:19 PM
3	Wish there was more space (smaller class size)	12/9/2025 12:15 PM
4	Certain teachers do more than others	12/9/2025 11:40 AM
5	Technology is outdated. There are no classroom printers or scanners.	12/9/2025 11:38 AM
6	Not enough science laboratory rooms. Carpeted classrooms for science content is unsafe.	12/9/2025 10:15 AM
7	There is ample whiteboard space for my work + student work	12/9/2025 8:22 AM
8	My classroom is fine but there are science classrooms with carpet, no sinks, and are not safe to do labs in.	12/9/2025 7:58 AM
9	PRHS has more science teachers and lab courses than we have lab classrooms on campus, which means that each year we have at least one science teacher in a non-science classroom. This is significantly impactful in many areas (experimental limitations or having to swap classrooms with another teacher frequently to accommodate hands-on science activities; this has contributed specifically to some teacher turnover in the science department at PRHS; it is also a safety hazard having no sink and a carpeted floor when doing science activities; etc.).	12/9/2025 7:34 AM

Paso Robles JUSD Facilities Master Plan Survey

10	More power outlets to power technology	12/8/2025 6:27 PM
11	Room is too hot and uncomfortable for students and teacher	12/8/2025 3:37 PM
12	Supplementary curriculum should have flexibility to be applied to students, as not all students require it.	12/7/2025 12:40 PM
13	WiFi is terrible	12/3/2025 7:12 AM
14	Class needs more ventilation, especially in sick periods. Some teachers perfume the class because there is no ventilation and crowds start smelling. Also why so much tech? Hands on practice on wood and "messy" materials are proved to advance kids skills.	12/2/2025 10:01 AM
15	It would be highly beneficial to have sinks in classrooms.	12/1/2025 9:10 AM
16	Science labs are top notch for middle school.	11/30/2025 6:05 PM
17	There are so many disruptive kids, classes sizes are over 30 in many classrooms, and teachers have too many kids at different levels.	11/30/2025 11:51 AM
18	No sinks in the rooms makes science and art more difficult	11/22/2025 6:34 PM
19	similar to children's that requires special needs learning, the more advanced students in class should have a time set aside to continue advanced studies	11/21/2025 10:20 AM
20	Through no fault of the amazing teachers, there could be much more done to support students. Especially GATE students, there used to be more done to help grow these students. While I understand it is a goal to have sped students in gen ed as much as possible, this is not always in the best interest of the other students that are constantly having their learning interrupted due to unregulated students.	11/19/2025 6:59 PM

Q4 Do you feel your subject would benefit more from:

Answered: 64 Skipped: 12

ANSWER CHOICES	RESPONSES	
Specialized Science / STEM Classrooms	25.00%	16
Traditional Flexible Classrooms	14.06%	9
A Mix of Both	48.44%	31
Not Relevant for My Campus	12.50%	8
TOTAL		64

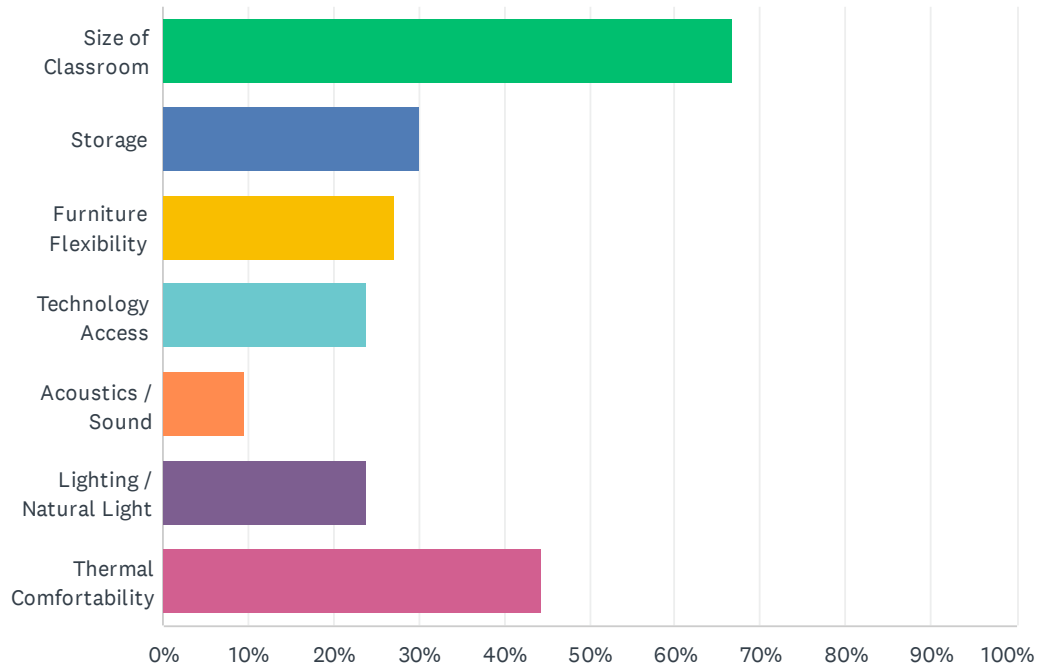

#	ADDITIONAL COMMENTS:	DATE
1	There are currently not enough Science classrooms for the number of sections/ classes required	12/9/2025 9:31 AM
2	*See above comment^	12/9/2025 7:34 AM
3	Specific CTE designed spaces, a photo/video studio specifically, rather than a converted and improvised traditional classroom.	12/8/2025 10:10 PM
4	An actual room that fits all students, has a sink, and is not hot all the time	12/8/2025 3:37 PM
5	Students need hands on science.	12/7/2025 12:40 PM
6	Teachers permitted independent, creative thought.	12/7/2025 8:39 AM
7	Some Classrooms should test out and accommodate Modern Classrooms. While this type of format is not suitable for every type of class, it may improve many core areas in others. At Lewis Flamson, during the academic year of 24-25, science classrooms decided to take this approach. Unfortunately, we resulted in returning back into a traditional classroom format. My science classroom conducted a poll at the time, and it proved that only half the students excelled in the lessons being taught, but the other half did not. Some classes could benefit from considering this approach.	12/5/2025 8:48 PM

Paso Robles JUSD Facilities Master Plan Survey

8	New curriculum	12/3/2025 7:12 AM
9	Why did they remove STEM from Georgia Brown?	12/2/2025 10:01 AM
10	Teachers need to be trained in adhd and sensory processing	11/30/2025 6:46 PM
11	Science lab space is excellent. Space for dedicated CTE/STEM Electives would be great (robotics, construction/tech).	11/30/2025 6:05 PM

Q5 What challenges do you face in your current classroom environment? (Check all that apply)

Answered: 63 Skipped: 13

ANSWER CHOICES	RESPONSES	
Size of Classroom	66.67%	42
Storage	30.16%	19
Furniture Flexibility	26.98%	17
Technology Access	23.81%	15
Acoustics / Sound	9.52%	6
Lighting / Natural Light	23.81%	15
Thermal Comfortability	44.44%	28
Total Respondents: 63		

#	OTHER, PLEASE SPECIFY:	DATE
1	I feel that the size of the classes are slightly crowded, and I believe that this makes the teachers' jobs more difficult.	12/11/2025 8:32 PM
2	The school is not safe. To many kids have been compressed into an insufficient campus with inadequate supervision.	12/11/2025 2:38 PM
3	Classroom is packed with seats, AC blows out cold air during the winter and hot air during the summer.	12/9/2025 12:15 PM
4	Lack of resources to support EL and IEP students in General Education classes	12/9/2025 11:55 AM

Paso Robles JUSD Facilities Master Plan Survey

5	Students are not comfortable in my classroom, they are constantly having to readjust and take breaks from the uncomfortable stools. The weight and size of the desks and constraints of classroom size prevent me from being able to form new classroom set ups for different activities	12/9/2025 10:35 AM
6	There are currently not enough Science classrooms for the number of sections/ classes required and I am teaching Science out of a non science classroom with no lab tables, no water, no gas and carpeted floors.	12/9/2025 9:31 AM
7	Weather. We are impacted during 6th period PE with places to go when it rains or is over 100 degrees	12/9/2025 8:34 AM
8	ability to preform labs/ necessary space for labs	12/9/2025 8:28 AM
9	We often move desks, but it can often be hard to move around and remain any extra space	12/9/2025 8:22 AM
10	The ventilation system circulates hot air from outside into the room. Also the ventilation system transfers unwanted smells from other connecting rooms into my room.	12/8/2025 3:37 PM
11	Light sensors turn off lights	12/7/2025 12:40 PM
12	Ventilation and amount of kids. 28 kids and only one teacher.	12/2/2025 10:01 AM

Q6 What improvements would make your classroom more effective for student learning?

Answered: 46 Skipped: 30

#	RESPONSES	DATE
1	Incorporating teacher assistants	12/17/2025 8:31 AM
2	The classroom populations are huge. Smaller classes would benefit everyone.	12/15/2025 2:51 PM
3	I believe that standardized testing should be weighed less heavily than effort and success in classes.	12/11/2025 8:32 PM
4	Provide appropriate supervision to the unsafe environment. Provide and effective learning environment.	12/11/2025 2:38 PM
5	The ability to see the screen without lighting issues. The ability to present without having to go back and forth to and from my desk. Upated speakers.	12/10/2025 10:03 AM
6	I would love technology that support me moving around the classroom. Right now to use my projector I have to sit. I would love an IPAD that I could project so that I can move around the room and not be stuck in one way.	12/10/2025 8:43 AM
7	smaller class sizes	12/9/2025 12:15 PM
8	Limit number of students in classroom, new/comfortable student desks (especially for SPED)	12/9/2025 11:59 AM
9	Having control over the temperature in the classroom.	12/9/2025 11:55 AM
10	Increased resources to support EL or IEP students such as placing students in smaller class periods where they can receive more individualized support and time from teacher. More cross curriculum planning and collaboration to ensure the success of EL students.	12/9/2025 11:55 AM
11	More structured classwork	12/9/2025 11:40 AM
12	Temperature control. Better lighting. Updated projector or SMART Board.	12/9/2025 11:38 AM
13	Better seating and flexible desks	12/9/2025 10:35 AM
14	Remove the old tables and install fire-proof science-specific laboratory stations or tables. Ventilation hoods in every science classroom. Bunsen burners in every science classroom.	12/9/2025 10:15 AM
15	The classroom needs a complete remodel and to be converted into a Science classrrom.	12/9/2025 9:31 AM
16	having a science classroom vs a gen. ed classroom would improve learning in science as student would be able to have more labs due to the facilities that we would have.	12/9/2025 8:28 AM
17	The ability to move my teacher desk to the back to provide some seats closer to the front of the room	12/9/2025 8:22 AM
18	I personally feel like my current space is fine for my needs.	12/9/2025 7:58 AM
19	Lower desks in the computer lab to improve teacher supervision and sightlines. This would improve both the math classes and the media classes I teach.	12/8/2025 10:10 PM
20	All checked above	12/8/2025 6:39 PM
21	Make the classroom adaptable to EL learners. Create flexibility to properly conduct cotaught classroom.	12/8/2025 6:27 PM
22	Too hot, too small, and not able to access wireless internet even though numerous tickets have been filed with the help desk and dismissed.	12/8/2025 3:37 PM
23	Smaller class sizes	12/7/2025 9:19 PM
24	Smaller classes. There are too many kids in one class right now	12/7/2025 5:47 PM

Paso Robles JUSD Facilities Master Plan Survey

25	Extended time on lighting. Having privacy window film in main doors.	12/7/2025 12:40 PM
26	Teacher input. No one is asking the teachers what works, doesn't work, what they have learned during their career.	12/7/2025 8:39 AM
27	As student engagement is constantly shifting year after year, and with how Lewis Flamson is currently performing with yonder pouches, it may be best to bring this forward. Although I believe yonder pouches would have a great impact on us students, I think to only a fair amount and not as such an intense format is to be highlighted.	12/5/2025 8:48 PM
28	A/C that works on a consistent basis	12/3/2025 7:12 AM
29	Adding natural elements like wood, growing plants. Less screen-time. More art and music since there is little focus on this.	12/2/2025 10:01 AM
30	More space for TK to play outside and more space in classrooms	12/1/2025 6:27 PM
31	removal of outdated/unused electrical/technical lines. Many of the rooms have old phone jacks and audiovisual outlets that are obsolete but take up space on the walls.	12/1/2025 9:10 AM
32	The temp at the D.O. is typically FREEZING.	12/1/2025 9:00 AM
33	Safety equipment	12/1/2025 12:04 AM
34	Tools that could help a child when they are in the middle of a breakdown.	11/30/2025 6:46 PM
35	Smaller class sizes , less Chromebook learning.	11/30/2025 6:13 PM
36	New whiteboards.	11/30/2025 6:05 PM
37	Update blinds, paint around the school , more classrooms , space in classrooms	11/30/2025 5:23 PM
38	Windows allowing for more light and air flow.	11/30/2025 3:39 PM
39	Updated facilities, updated desks, projectors, computers, the department that handles the Chromebook, the IP department	11/30/2025 3:20 PM
40	Bigger classrooms	11/30/2025 11:51 AM
41	Better heating and air settings that can be adjusted in the classroom. Easier functionality of bathroom door, sink, and paper towel dispenser in the classroom. Function is poor for TK sized children.	11/30/2025 11:06 AM
42	Smaller Class Sizes	11/23/2025 1:48 AM
43	Store, and size. The rooms looks cramped.	11/22/2025 6:34 PM
44	Aids to help students who may or may not be behind in class	11/21/2025 9:30 AM
45	We need sinks in the classrooms.	11/21/2025 8:06 AM
46	Lower student to teacher ratio, more support staff for unregulated students. More options for high achievers, not just support staff for interventions for the low achievers. It seems counterproductive to push sped students into gen ed classes, resulting in disruptions and even fear for gen ed students. It is not normal to have a child be fearful of what a classmate might do in class, or it should not be normalized. (Ie violent outbursts, throwing things, attempting to throw chairs or desks)	11/19/2025 6:59 PM

Q7 What specific equipment or space types would improve instruction?

Answered: 32 Skipped: 44

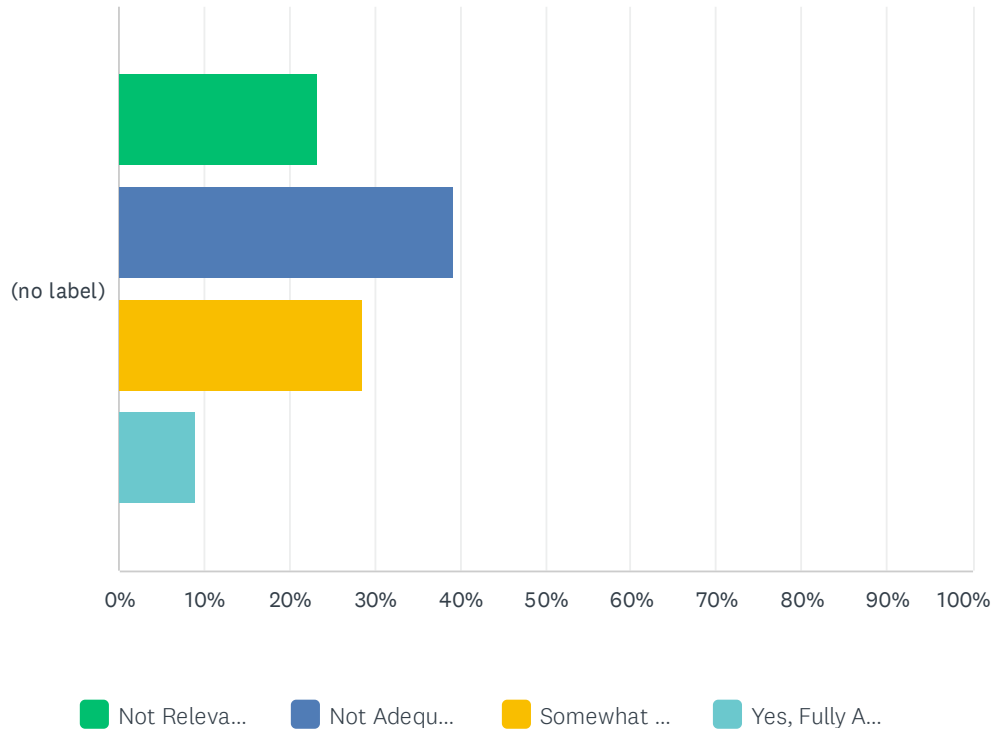

#	RESPONSES	DATE
1	Interactive Displays: Smartboards/projectors for dynamic presentations. Personal Devices: Tablets, laptops, or even pentop computers (like LiveScribe pens). Coding Tools: Programmable robots (Sphero) for computational thinking. Software: Text-to-speech, speech-to-text, graphic organizers, and interactive presentation tools (Pear Deck, Kahoot).	12/17/2025 8:31 AM
2	Stop placing and ineffective Georgia Brown program on an entire facility and split the Junior high population.	12/11/2025 2:38 PM
3	IPAD. A way to project the IPAD. I feel like my population of student could also benefit from a BenQ for technology interaction.	12/10/2025 8:43 AM
4	Access to standing desks	12/9/2025 12:19 PM
5	tables and chairs, not confined student desks.	12/9/2025 11:59 AM
6	Updated projector. SMART Board. Printer. Scanner.	12/9/2025 11:38 AM
7	Lack of outlets at student desks make completing labs difficult. Students have to work at side and back counters where they have less supervision and space.	12/9/2025 10:35 AM
8	Each classroom should have the proper supplies to make courses run smoothly and correctly. Each classroom should have basic and fundamental materials: glassware, scales, thermometers, bunsen burners.	12/9/2025 10:15 AM
9	The classroom needs to be remodeled and converted into a Science room with non carpeted floors, lab tables, sinks and gas valves.	12/9/2025 9:31 AM
10	We need an additional shade space outside. Possibly shading the black top for using the shade when need.	12/9/2025 8:34 AM
11	Class sets of scales and other necessary science items for specific science classes.	12/9/2025 8:28 AM
12	Nothing that I can think of at the moment.	12/9/2025 7:58 AM
13	Converting a typical classroom in the 400-building at PRHS into a science lab with tile flooring, running water and sinks, gas, etc. to accommodate the size and scope of the science department at the high school.	12/9/2025 7:34 AM
14	Lower computer tables, Studio with cyc wall and proper lighting grid, Future expansion to video control equipment for multicamera switching	12/8/2025 10:10 PM
15	Technology that I can use to project notes and move around the classroom	12/8/2025 6:39 PM
16	Ben q board, multiple slide white boards, smart tvs/boards to cast additional support	12/8/2025 6:27 PM
17	I would like to have internet access in my room so I can use my Chromebook at all times to improve my instruction and improve student learning.	12/8/2025 3:37 PM
18	Additional large whiteboard on walls.	12/7/2025 12:40 PM
19	Specialized Study Group Areas	12/5/2025 8:48 PM
20	I volunteered in class and noticed not all headphones work well. All kids should have access to functional equipment. Less screen time and more natural elements, like playing with paint and even musical instruments are proven to advance learning in all societies.	12/2/2025 10:01 AM
21	More play items for teachers and options for rainy days	12/1/2025 6:27 PM
22	computer/multi media lab.	12/1/2025 9:10 AM
23	Incorporate more whole body movement breaks, sensory swings and spinning chair. Visuals on	11/30/2025 6:46 PM

Paso Robles JUSD Facilities Master Plan Survey

	the walls that could calm an overwhelmed child.	
24	More hands on, less Chromebook	11/30/2025 6:13 PM
25	Amphitheater area(s) or designated spaces where teachers can choose to do outdoor instruction. Too much screen time in classrooms	11/30/2025 3:39 PM
26	The IP department needs massive improvement with involvement in the Chromebook be set up that is now designed basically ties the schools hands on what they're able to do and not do on the Chromebook and the IP department is never available to help any of the parents or any of the staff at any of the facilities from my experience	11/30/2025 3:20 PM
27	Spaces for kids to go with interventionists and paras so the teacher can continue teaching the rest of the kids	11/30/2025 11:51 AM
28	Easier to to use bathroom facilities for TK.	11/30/2025 11:06 AM
29	Smaller Class Sizes	11/23/2025 1:48 AM
30	Sinks in rooms, storage units or book shelves.	11/22/2025 6:34 PM
31	More outside play structures/movement available	11/21/2025 9:30 AM
32	More options for sped students to learn in environments better suited for their needs. Sometimes gen ed is not the best option.	11/19/2025 6:59 PM

Q8 Are your Science / STEM teaching spaces adequate for hands-on, lab-based, or collaborative learning?

Answered: 56 Skipped: 20

	NOT RELEVANT FOR MY CAMPUS	NOT ADEQUATE	SOMEWHAT ADEQUATE	YES, FULLY ADEQUATE	TOTAL	WEIGHTED AVERAGE
(no label)	23.21% 13	39.29% 22	28.57% 16	8.93% 5	56	2.77

#	ADDITIONAL COMMENTS:	DATE
1	Besides the engagement lab, there are no labs.	12/15/2025 2:51 PM
2	Unsure	12/10/2025 4:38 PM
3	Carpeted classrooms and non-science specific classrooms are unsafe when running labs and hands-on activities. Not all students are accessing all materials due to lack of consistent classroom spaces.	12/9/2025 10:15 AM
4	There are not enough Science lab classrooms	12/9/2025 9:31 AM
5	Not all classrooms have gas and there are several science classrooms that have carpet and no sinks which makes it impossible to do any labs.	12/9/2025 7:58 AM
6	The current science laboratory classrooms are adequate, but we do not have enough of those rooms to meet the needs of our students.	12/9/2025 7:34 AM
7	Some rooms are great, but students are missing out on labs and activities by not having enough science lab classrooms.	12/9/2025 7:29 AM
8	There are at least 4 rooms that are not set up for a science class.	12/8/2025 6:39 PM
9	The trapezoid shapes of the student desks don't lend themselves to conducting experiements.	12/7/2025 12:40 PM

Paso Robles JUSD Facilities Master Plan Survey

10	They removed STEM classes from Georgia Brown.	12/2/2025 10:01 AM
11	Our labs are great but they are only for 6-8th grade. Our elementary grades do not have a larger space they can use for experiments and projects.	12/1/2025 9:10 AM
12	I'm not aware of any labs or special spaces for Stem other than the classroom	11/30/2025 7:36 PM
13	In my 20 + years experience teaching secondary science, these current rooms are excellent for this program.	11/30/2025 6:05 PM
14	Yes currently we have a science lab that is perfect for the students	11/30/2025 5:23 PM
15	Cramped classrooms and no sinks make it hard to do science/stem	11/22/2025 6:34 PM
16	If the district is pushing for equality at all school sites... It should be noted that not all campuses have access to a science lab like Georgia Brown has for their students (even below 7th grade).	11/19/2025 6:59 PM

Q9 What specific equipment or space types would improve Science / STEM instruction?

Answered: 24 Skipped: 52

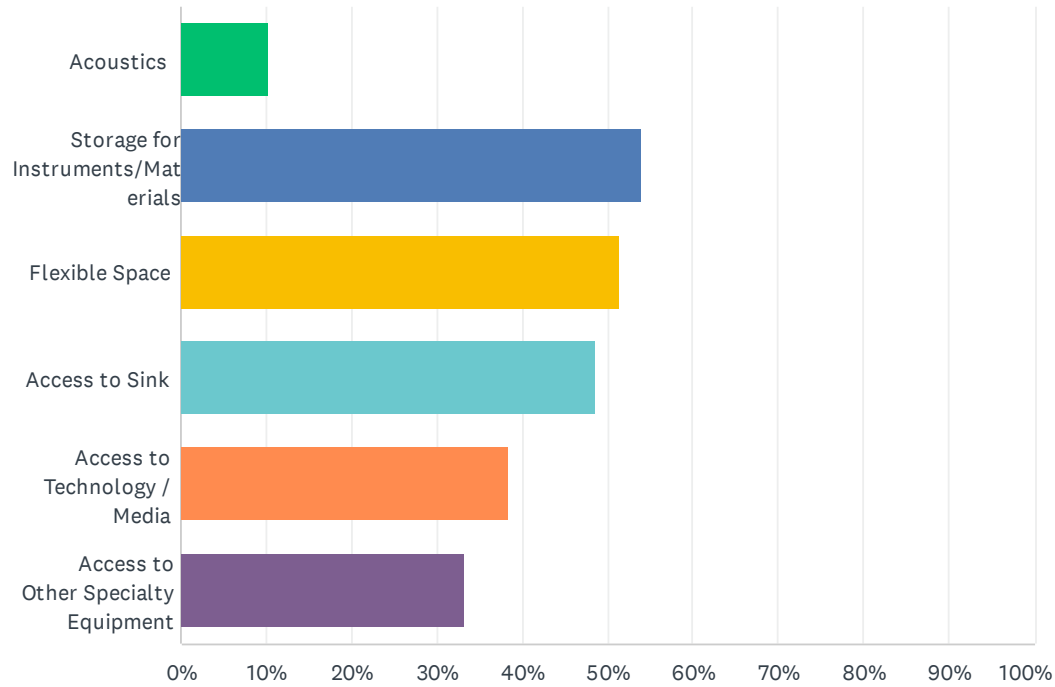

#	RESPONSES	DATE
1	Digital Tech: 3D printers, tablets/laptops, interactive whiteboards, coding platforms (Scratch, etc.), VR/AR tools. Robotics & Coding: Programmable robots (Bee-Bots, Sphero), sensors, motors, basic circuit kits (snap circuits, breadboards). Hands-On Building: LEGOs, Keva planks, magnetic tiles, wooden blocks, K'nex, cardboard. Science & Data: Magnifying glasses, microscopes, scales, thermometers, data loggers, simple machines (levers, pulleys). Sensory/Early STEM: Light tables for exploring light, shadow, and transparency. Consumables: Craft supplies, conductive dough, batteries, tape, etc..	12/17/2025 8:31 AM
2	Science lab	12/15/2025 2:51 PM
3	Not relevant for my campus.	12/11/2025 8:32 PM
4	An Honors Science track would be appropriate.	12/11/2025 2:38 PM
5	Unsure	12/10/2025 4:38 PM
6	Special Education STEM classes should have just as much access to STEM spaces. These classes have typically been placed in whatever space was available and not STEM specific. These classes are regular classrooms without sinks, safety equipments, gas or any of the things needed to do high school level labs.	12/10/2025 8:43 AM
7	N/A	12/9/2025 11:38 AM
8	Outlets available at student desks.	12/9/2025 10:35 AM
9	Each classroom should have the proper supplies to make courses run smoothly and correctly. Each classroom should have basic and fundamental materials: glassware, scales, thermometers, bunsen burners.	12/9/2025 10:15 AM
10	An actual science lab classroom.	12/9/2025 9:31 AM
11	bigger classrooms that have space for actual labs to take place.	12/9/2025 8:28 AM
12	Removating the rooms with carpet to have laminated floors, cabinets, and sinks. Even gas would be nice! Also, we are supposed to have an eye wash station in every room, my room does not!	12/9/2025 7:58 AM
13	Enough science lab rooms for all students taking science to have a lab based class. And an engineering space (more comparable to the Jr. High) that allows space and ventilation for students to safely build and work.	12/9/2025 7:29 AM
14	No carpet, lab tables, sinks	12/8/2025 6:39 PM
15	Room for application	12/8/2025 6:27 PM
16	There own classrooms	12/7/2025 9:19 PM
17	Designated lab to conduct experiments/lessons that allows space to work and store incomplete work.	12/7/2025 12:40 PM
18	Kids in elementary still do not know how to use a microscope, or how baking soda works with vinegar. These are simple "stem" materials that should be added early on in class	12/2/2025 10:01 AM
19	Storage, larger tables	12/1/2025 9:10 AM
20	At elementary level, an actual designated classroom for labs that teachers can rotate through for science lessons	11/30/2025 3:39 PM
21	Anything! We have nothing.	11/30/2025 11:51 AM

Paso Robles JUSD Facilities Master Plan Survey

22	I don't know	11/30/2025 11:06 AM
23	Science lab or access to more science items	11/21/2025 9:30 AM
24	A dedicated science lab.	11/19/2025 6:59 PM

Q10 What improvements are most needed for your spaces?(Check all that apply)

Answered: 39 Skipped: 37

ANSWER CHOICES	RESPONSES	
Acoustics	10.26%	4
Storage for Instruments/Materials	53.85%	21
Flexible Space	51.28%	20
Access to Sink	48.72%	19

#	OTHER, PLEASE SPECIFY:	DATE
1	A safer environment with separate campuses that better protect our students and provide a better learning experience.	12/11/2025 2:38 PM
2	Not my area of expertise	12/10/2025 8:43 AM
3	In the band room specifically, there is no space for instrument storage, much less storage for uniforms and marching equipment. We end up with instruments left on the floor, which is obviously asking for things to be broken, much less allowing space for the band to set up or allow for chairs to be positioned to best see the director. The acoustics for band and choir are both horribly inefficient. A connected yet separate space for instrument storage, as well as another for marching equipment storage would be a gigantic help. The band room as a whole needs to be a much larger space to accommodate the band program.	12/9/2025 2:10 PM

Paso Robles JUSD Facilities Master Plan Survey

4	Having art supplies provided	12/7/2025 12:40 PM
5	Teacher input. No one is asking the teachers what works, doesn't work, what they have learned during their career.	12/7/2025 8:39 AM
6	Easels to paint would be amazing, as it has been proven that little kids learn by doing and getting messy. We need to go back to the basics and take a break from massive technology.	12/2/2025 10:01 AM
7	Beyond facilities, our campus needs to place more emphasis on arts. Plays, talents shows, etc - none of which happen now. Anything to support adding these, please.	11/30/2025 7:36 PM
8	Smaller Class Sizes	11/23/2025 1:48 AM
9	Unfortunately by cramming so many students into one campus our multipurpose room can not always be effectively utilized due to recess, nutrition, or lunch. It was a mistake by the district to close a middle school and push 6th grade back to elementary.	11/19/2025 6:59 PM

2	Above you make a mistake: "firm," should be "FILM."	12/7/2025 8:39 AM
3	There are no arts and music programs in Georgia Brown. Lots of budget cuts are affecting our kids, which will impact the future generation of scientists, artists and doctors.	12/2/2025 10:01 AM
4	Our home ec and robotics rooms are now used for history and math. the building with a kiln is not being used (by garden).	11/30/2025 6:05 PM

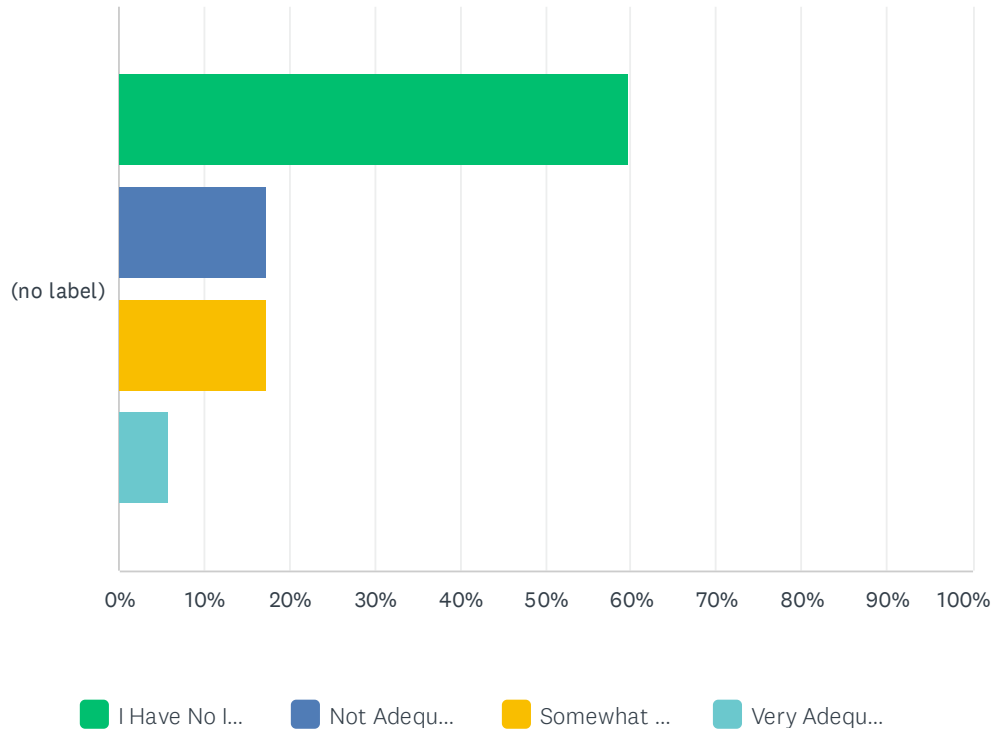

Q16 What types of spaces or equipment are most needed to improve CTE program?

Answered: 11 Skipped: 65

#	RESPONSES	DATE
1	Makerspace/Innovation Lab: A flexible area for tinkering, prototyping, and creative projects, blending digital and physical activities. Collaborative Zones: Open areas with couches or group tables for team projects, presentations, and discussions. Digital/Media Lab: For coding, video creation, and virtual simulations. Flexible Classrooms: Spaces with movable walls or furniture to adapt for different activities.	12/17/2025 8:31 AM
2	Content specific spaces	12/10/2025 8:43 AM
3	Actual studio space, properly designed for photo and video equipment and production.	12/8/2025 10:10 PM
4	Centralized, connected classrooms	12/8/2025 7:28 PM
5	More multimedia, film, photography, digital animation, film festival.	12/7/2025 8:39 AM
6	The Performing Arts Center Theatre needs a revamp and remodel of the stage. It does not fit the needs of the students accordingly.	12/5/2025 8:48 PM
7	Provide fields of soil so that kids can learn agriculture without having to attend after class events. Make daily classes fun by providing early practical hands on introductions to CTE concepts and materials.	12/2/2025 10:01 AM
8	More efficient use of indoor space (e.g., ornamental horticulture). Redesign the layout and add a fridge so one for tropicals. More robust and useful outdoor space (e.g., working gardens/farm)	12/1/2025 9:00 AM
9	A shop space for construction tech/fabrication. Similar to what is installed at Lewis/Flamson	11/30/2025 6:05 PM
10	Computer computers	11/30/2025 3:20 PM
11	Smaller Class Sizes	11/23/2025 1:48 AM

Q17 How adequate are agricultural facilities (farm labs, greenhouses, barns, shops) for student learning?

Answered: 52 Skipped: 24

	I HAVE NO INSIGHT	NOT ADEQUATE	SOMEWHAT ADEQUATE	VERY ADEQUATE	TOTAL	WEIGHTED AVERAGE
(no label)	59.62% 31	17.31% 9	17.31% 9	5.77% 3	52	0.92

#	ADDITIONAL COMMENTS:	DATE
1	Greenhouses are at centennial, instead of being right outside class in Georgia Brown. They should be readily accesible so that all kids can interact with plants and seeds during class and in recess. Make nature part of the environment	12/2/2025 10:01 AM
2	Greenhouse was vandalized before our site moved locations. No shade house or greenhouse available. No shop space available for hands-on construction work.	11/30/2025 6:05 PM
3	Smaller Class Sizes	11/23/2025 1:48 AM

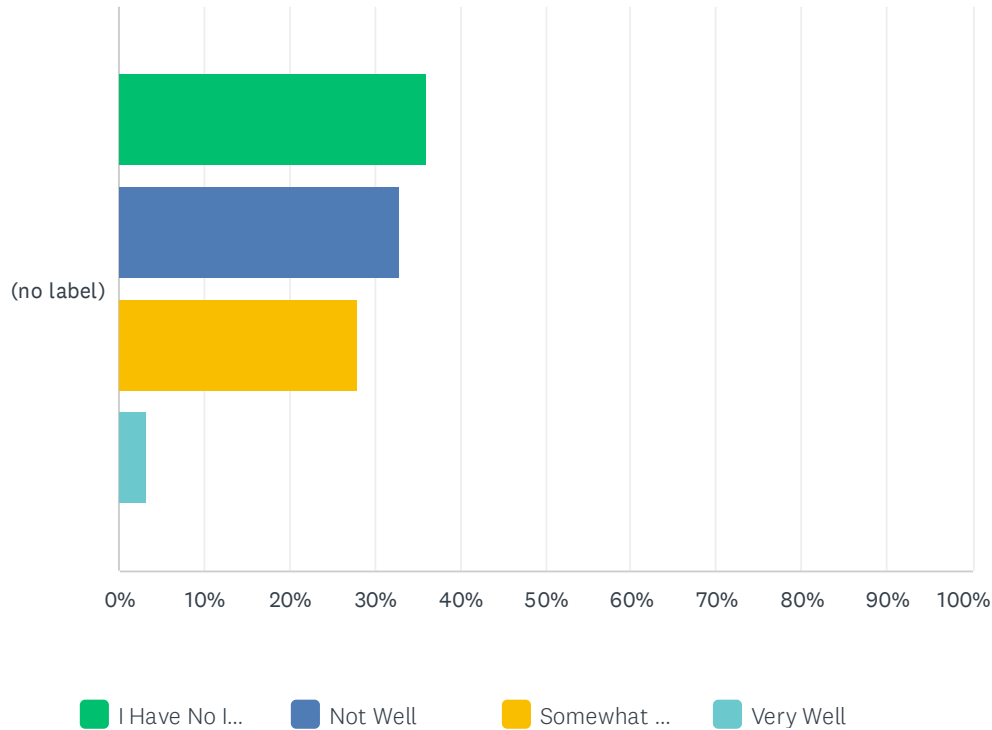

Q18 Are there other programs that should be considered?

Answered: 16 Skipped: 60

#	RESPONSES	DATE
1	Deeper Dive into music and art. More emphasis on learning specific instruments, how to read music reg art more specific in types painting, drawing, creating using a computer maybe basic architecture	12/15/2025 9:32 AM
2	Provide merit based priority to class placement based on academic achievement. This will provide less distraction from populations who are academically challenged and provide a catalyst for learning.	12/11/2025 2:38 PM
3	NO. If we do decide to implement new programs, money needs to be considered. We provide several CTE pathways with the amount that Cosmetology will cost.	12/10/2025 10:03 AM
4	Special Education	12/9/2025 11:38 AM
5	Business pathway needs connected classrooms to support 3 active businesses on campus. Child development needs a classroom across from Bearkittens. Patient care needs connected classrooms and an additional teacher. Cosmetology would best be placed in the banquet room at culinary. Better access to public, parking, scheduling/transportation, and students are already bussed there 3 times a day. When the program proves valuable and in demand (which it will), then move to PRHS.	12/8/2025 7:28 PM
6	More electives in order to foster more excitement for college future.	12/8/2025 6:27 PM
7	Electives for 6th graders	12/7/2025 9:19 PM
8	After school sports having sufficient coaches, referees, etc.	12/7/2025 12:40 PM
9	More multimedia, film, photography, digital animation, film festival.	12/7/2025 8:39 AM
10	BITA Residential Construction	12/5/2025 8:48 PM
11	We do not need CTE at the junior high	12/3/2025 7:12 AM
12	Please include music, arts, nature and sports within class hours, not as expensive extracurricular classes.	12/2/2025 10:01 AM
13	Athletics	12/1/2025 9:10 AM
14	At elementary level at KK, only arts. Need a lot more of that. We fall woefully behind other local primary schools.	11/30/2025 7:36 PM
15	Smaller Class Sizes	11/23/2025 1:48 AM
16	PE program for all grades	11/21/2025 9:30 AM

	21	21	18		

#	ADDITIONAL COMMENTS:	DATE
1	There are a lot of privacy problems in the bathroom and there are many problems with physical altercations due to the bathroom not being very well supervised.	12/11/2025 8:32 PM
2	The bathrooms are unsafe. Students face physical assault and the supervision is deficient.	12/11/2025 2:38 PM
3	I have frequently had students-across periods-tell me all the bathrooms in the building are locked (1000s building)	12/9/2025 11:55 AM
4	We need more adult/staff member bathrooms, we only two bathrooms!	12/8/2025 3:37 PM
5	More restrooms would be nice for staff and special ed	12/7/2025 9:19 PM
6	Considering our campus' size, there is not sufficient restrooms.	12/7/2025 12:40 PM
7	Administration needs to figure out a solution to bathrooms. We need more discipline: when a student does something wrong, they are given a consequence ESPECIALLY for disrespect to staff.	12/7/2025 8:39 AM
8	Can become quite dirty by end of day	12/3/2025 12:05 PM
9	Not enough bathrooms	12/1/2025 9:10 AM
10	Bathroom needs to be changed where children can't look at others or under stall doors.	11/30/2025 6:46 PM
11	Too few restrooms for the 800+ students. Middle school students walk a long time to go on a potty break.	11/30/2025 6:05 PM
12	We need more bathrooms as our school is expanding	11/30/2025 5:23 PM
13	Not enough bathrooms	11/30/2025 11:06 AM
14	Smaller Class Sizes	11/23/2025 1:48 AM

Q21 What improvements are most important for special education spaces?

Answered: 19 Skipped: 57

#	RESPONSES	DATE
1	Special education spaces need improvements focusing on sensory regulation, physical accessibility, clear organization, and flexible learning zones, incorporating features like dimmable lighting, noise reduction, varied seating, visual schedules, calm-down corners, assistive technology, and wide pathways for all learners, especially for students with diverse needs like autism or mobility issues, to create a supportive and inclusive environment.	12/17/2025 8:31 AM
2	I have no insight.	12/11/2025 8:32 PM
3	Currently the SPED spaces feel like we make do with what is available. We have students with extremely high needs who need spaces to de-escalate and appropriately toilet, We also need desks that accomodate wheel chairs, technology that that supports various learning needs, and spaces that support the subject being taught. SPED classes often don't have the same access to spaces, materials, and technology as gen ed spaces.	12/10/2025 8:43 AM
4	Access to special education classrooms with lighting that is NOT fluorescent. There is extensive research that supports neurodivergent students find fluorescent lighting noxious. Especially if we are not allowed light covers. Also all SPED classrooms should have sinks and access to bathrooms if we have students that are not potty trained! SPED always gets the leftovers, never is thought of first! Also, we should have wheelchair users at campuses that have complete accesibility! We do not have an accessible playground at Winfired Pifer and there are cracks in the concrete floor that are not ADA compliant. SPED classes should also be integrated into the campus without segregating to the farthest corners of the campus.	12/9/2025 12:19 PM
5	Need bathrooms, showers, space, flexible seating, printers for each case manager, etc.	12/9/2025 11:59 AM
6	Speaking from a general education co-taught perspective, I've had several students with IEPs being pulled from valuable class time- some just to work in their case managers classroom unprompted and without communication. Having students in class is the most important thing so we can provide them the instruction and supports they need to succeed in our class.	12/9/2025 11:55 AM
7	Modern technologies. Smaller caseloads. Having more time with students on my caseload. SMART Board. Printer. Scanner. Lighting. Updated Projector and audio equipment.	12/9/2025 11:38 AM
8	Bathrooms and private outside play areas	12/7/2025 9:19 PM
9	Proximity to classrooms, as too faraway so time is reduced by travel time.	12/7/2025 12:40 PM
10	More *competent* staff	12/7/2025 10:40 AM
11	Improve natural colors and elements, access to nature, soil, water fountains, quiet rooms and areas. Provide areas to disconnect and become close to nature and how plants grow. GB has 600 kids in school. Maybe limit the amount so that it becomes more manageable. Add more teachers so that less substitute teachers are needed and they can work under less stress. All that will also impact special education spaces.	12/2/2025 10:01 AM
12	More classrooms for them to use	12/1/2025 6:27 PM
13	Storage, particians	12/1/2025 9:10 AM
14	They should all be simple, uncluttered, and calming with soothing colors and furniture that is conducive to student learning.	12/1/2025 9:00 AM
15	Sensory play ground, large motor activity, places to roll, tumble and crash.	11/30/2025 6:46 PM
16	More space	11/30/2025 6:13 PM
17	More staff!	11/30/2025 11:51 AM
18	Smaller Class Sizes	11/23/2025 1:48 AM

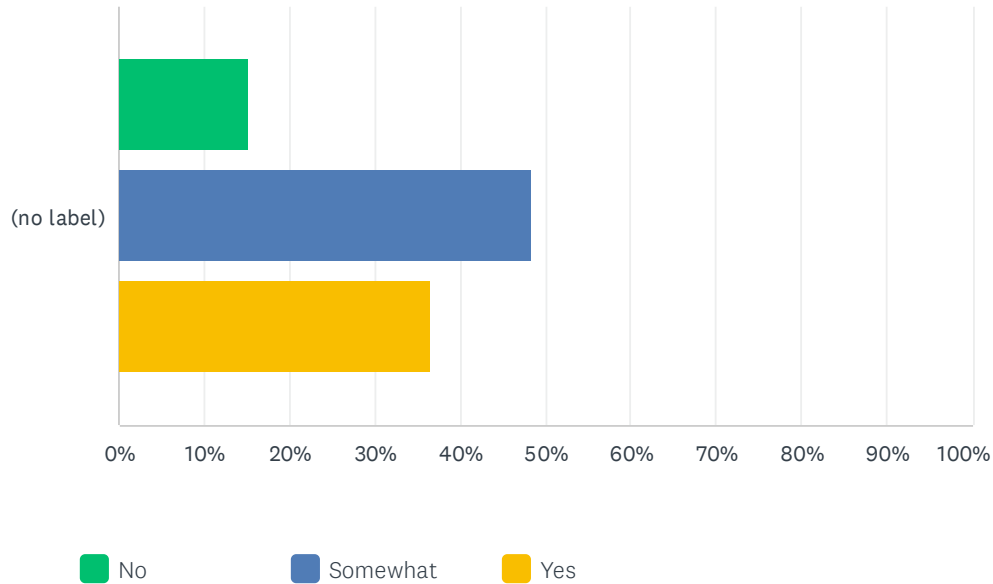

19

More teaching space and more support staff. Cut the admin positions, not those working hands on with the students.

11/19/2025 6:59 PM

Q22 Do students have access to adequate commons/student gathering areas?

Answered: 66 Skipped: 10

	NO	SOMEWHAT	YES	TOTAL	WEIGHTED AVERAGE
(no label)	15.15%	48.48%	36.36%		
	10	32	24	66	1.79

#	ADDITIONAL COMMENTS:	DATE
1	We need shade over the play structure.	12/15/2025 2:51 PM
2	The students are compressed into a facility that is insufficient to support their number coupled with inadequate supervision.	12/11/2025 2:38 PM
3	Yes they have access but the rules regarding their use is very limited.	12/9/2025 4:03 PM
4	indoor seating for lunch/nutrition	12/9/2025 8:32 AM
5	No enough area with escape for Paso Robles elements.	12/8/2025 6:27 PM
6	No, the overlap with primary & middle school creates friction and bullying in transition times or recess.	12/7/2025 12:40 PM
7	Students usually have to stand around populated and central areas even though seating is already provided. Tactical arrangement of seating around the campus is necessary.	12/5/2025 8:48 PM
8	Quad is small and has terrible layout	12/3/2025 7:12 AM
9	At the high school, there is not enough for the students to do during breaks. They just stand around. It should be easier for them to play basketball, soccer or other sports. An arcade would be amazing. As it stands, students are in silos around the campus standing and talking and fighting (or eloping). It is difficult to supervise them and there is nothing worthwhile for them to do. .	12/1/2025 9:00 AM
10	No playground	11/22/2025 8:05 PM
11	During pick ups, the smaller kids are forced to sit on the hot cement to wait for their parents.	11/21/2025 10:20 AM

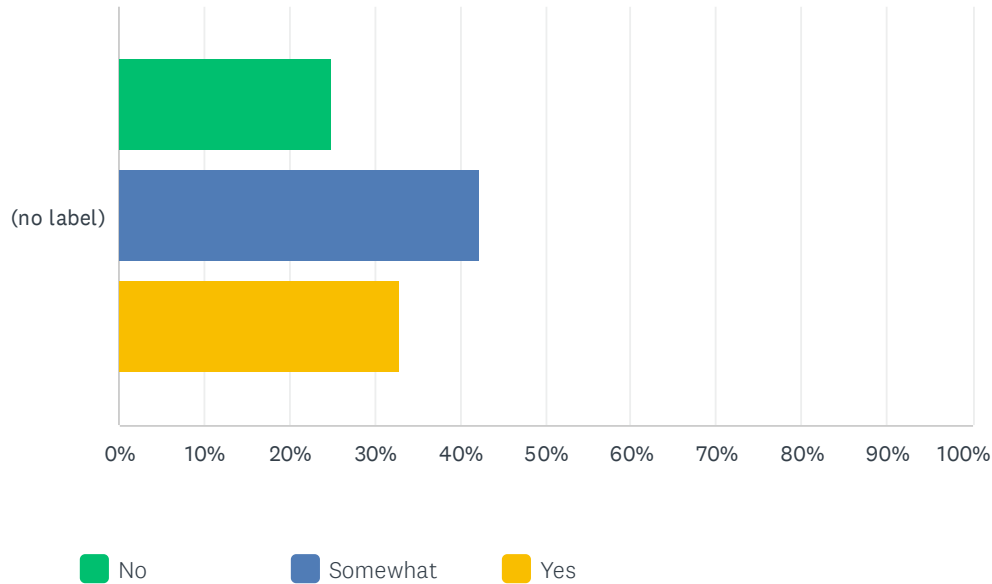

Paso Robles JUSD Facilities Master Plan Survey

12 With so many students being forced onto one campus, there are often many overlapping times. Such as recess and PE. Which both need access to field and black top space... Adding to this issue, is the districts plan to then take away more space by adding a portable on the basketball courts.

11/19/2025 6:59 PM

Q23 Are food service areas (cafeteria, lunch areas) sufficient for student needs?

Answered: 64 Skipped: 12

	NO	SOMEWHAT	YES	TOTAL	WEIGHTED AVERAGE
(no label)	25.00% 16	42.19% 27	32.81% 21	64	1.92

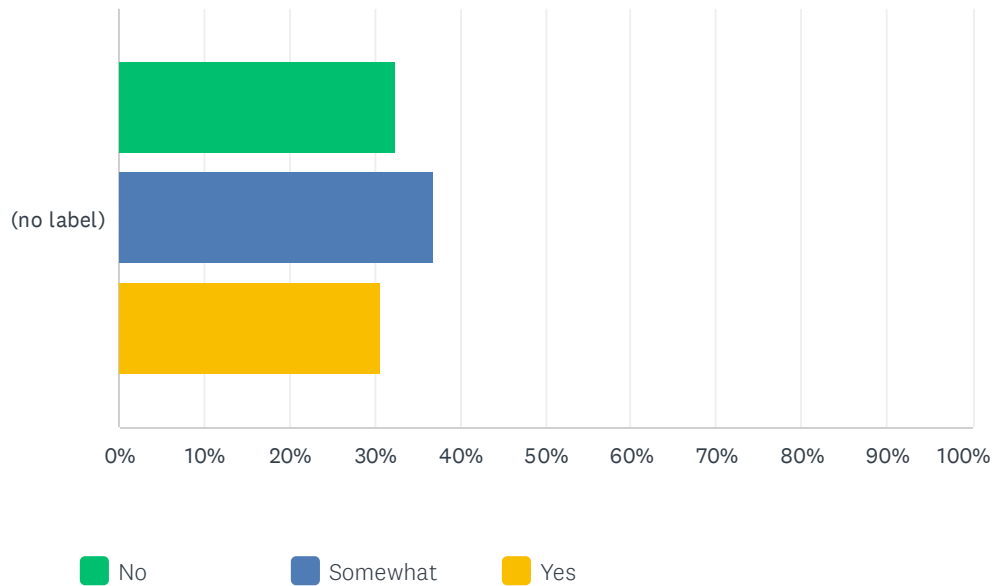

#	ADDITIONAL COMMENTS:	DATE
1	Yes, there is adequate space.	12/9/2025 4:03 PM
2	Kindergarten needs a shade structure over their tables.	12/9/2025 3:06 PM
3	not enough seating, gym or cafeteria needed when it rains so students do not wander into classrooms	12/9/2025 12:15 PM
4	additional lunch area options (ex. re-opening bearcat pizza area)	12/9/2025 8:32 AM
5	Students will occasionally elect to have lunch in teacher's rooms	12/9/2025 8:22 AM
6	Lunch lines are insanely long!	12/9/2025 7:58 AM
7	Student who drive should be allowed to leave campus. An open campus is difficult but a carrot to develop responsibility grow young adults	12/8/2025 6:27 PM
8	They sit at old outdoor tables. The indoor cafeteria tables are old and small; unsure if it is large enough to support the students	12/8/2025 9:54 AM
9	The time is limited in getting and eating food. Space is cramped when students must eat in MPR as we have two grade levels at once.	12/7/2025 12:40 PM
10	Lunch lines are always a hassle to avoid. The given fences aren't sturdy nor durable enough, and serve little purpose in keeping students in line.	12/5/2025 8:48 PM
11	I like that they removed food with color dyes from cafeteria but then parents bring those same items for kids birthday parties. They should be illegal as they are in Europe. Color dyes in food have been proven to disturb kids behavior and attention.	12/2/2025 10:01 AM

Paso Robles JUSD Facilities Master Plan Survey

12	There is no indoor place for students at the high school to eat.	12/1/2025 9:00 AM
13	The yard duties are so mean to the kids! They barely let them talk, can't sit with their friends, get balls and activities taken away all the time	11/30/2025 11:51 AM
14	MPR is too small for our population.	11/21/2025 8:06 AM
15	Again, so many students on campus causes issues when it comes to nutrition and lunch.	11/19/2025 6:59 PM

Q24 Are restroom areas sufficient for student needs?

#	ADDITIONAL COMMENTS:	DATE
1	Per my kids: they wish every urinal had stalls or walls.	12/15/2025 2:51 PM
2	The restroom facilities are adequate, but there is a big safety issues in restroom areas.	12/11/2025 8:32 PM
3	The bathrooms are unsafe. Students face physical assault and the supervision is deficient.	12/11/2025 2:38 PM
4	I have frequently had students-across periods-tell me all the bathrooms in the building are locked (1000s building)	12/9/2025 11:55 AM
5	Some students will not use the restroom on campus due to safety concerns.	12/9/2025 10:15 AM
6	Private stalls and community handwashing station (like PR City park) would solve the gender issues and the vandalism issues.more bathrooms open during class periods, reducing travel time to only one bathroom on campus being open.	12/8/2025 7:28 PM
7	My own student refuses to use the restroom do to the activities which occur in the restrooms on a daily basis	12/8/2025 6:27 PM
8	With a larger student population and students of different ages, GB Dual Immersion will need more bathrooms and updated bathrooms.	12/8/2025 9:54 AM
9	Special ed need better bathrooms	12/7/2025 9:19 PM
10	Considering our campus' size, there is not sufficient restrooms. Restrooms are assigned by grade level, so students have to travel to their designated restrooms.	12/7/2025 12:40 PM
11	Administration needs to figure out a solution to bathrooms. We need more discipline: when a student does something wrong, they are given a consequence ESPECIALLY for disrespect to staff.	12/7/2025 8:39 AM
12	Whenever I enter the bathroom, that is, if I can even manage to without it being locked,	12/5/2025 8:48 PM

Paso Robles JUSD Facilities Master Plan Survey

equipment and necessities aren't in proper shape or order. Additionally, whenever I do have to use the restroom, I never know the nearest one to go to, as every day there is a change in random bathrooms every single day.

13	Can become quite dirty at end of day	12/3/2025 12:05 PM
14	Too small	12/3/2025 7:12 AM
15	More bathrooms needed.	11/30/2025 6:05 PM
16	Need more restrooms	11/30/2025 4:40 PM
17	We need more restrooms, kinder rooms need their own restrooms	11/22/2025 6:34 PM
18	This is a big problem. This should be a priority for the site.	11/21/2025 8:06 AM
19	Forcing tk-6th onto one campus means that our youngest students do not have bathrooms in their classrooms.	11/19/2025 6:59 PM

Q25 What additional spaces or features would best support student life?

Answered: 29 Skipped: 47

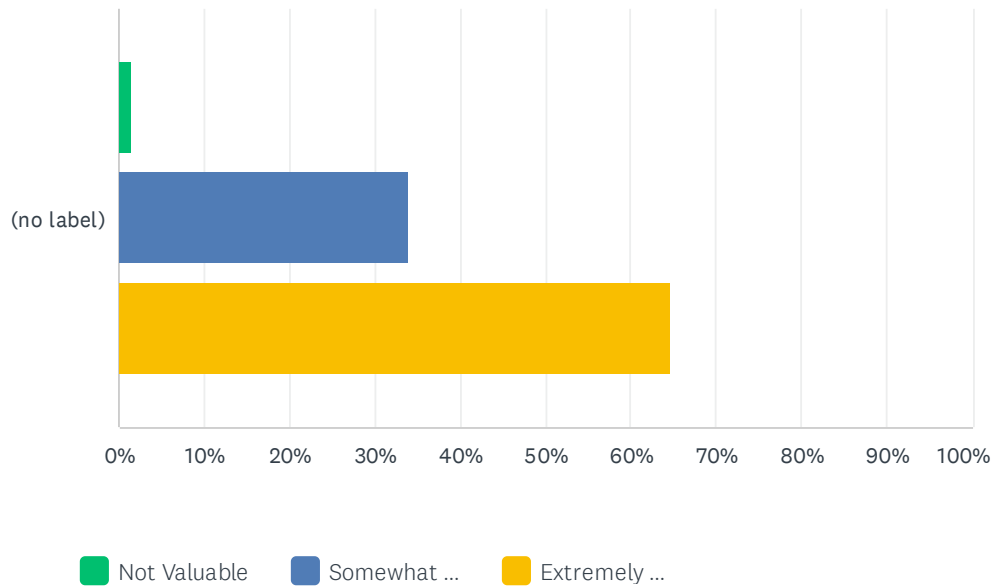

#	RESPONSES	DATE
1	Integrated water bottle filling stations would be ideal	12/17/2025 8:31 AM
2	I believe that there are many sufficient areas for student interactions, however, there isn't a lot of supervision in these areas.	12/11/2025 8:32 PM
3	Two campuses. Appropriate level of supervision.	12/11/2025 2:38 PM
4	We have 2000+ students on campus and 3 places to pick up lunch and eat in a 30 minute window. This could be improved.	12/10/2025 8:43 AM
5	Overall school entrance needs improvement, more welcoming, parking lot needs attention, outside/inside eating options, cafeteria on campus.	12/9/2025 11:59 AM
6	More locations for students to get food. A cafeteria.	12/9/2025 11:55 AM
7	Cafeteria On campus football stadium.	12/9/2025 11:38 AM
8	Green spaces or community garden with native plants would benefit ecology and biology courses as well as the chance to teach outside	12/9/2025 10:35 AM
9	Internal spaces for student groups like a student lounge or inside cafeteria.	12/9/2025 10:15 AM
10	Better food options	12/8/2025 6:27 PM
11	Having enough space for outdoor sports and activities - like a soccer field (or updating the current field). Having places for the older kids to hang out at that can be separate from younger kids.	12/8/2025 9:54 AM
12	Fix up playgrounds for TK and Kindergarten	12/7/2025 9:19 PM
13	Play structure for primary grades is being installed, and TK & K will have their designated area and play structure. Aren't there suppose to be games and activities painted on blacktop? Having recess equipment available and properly maintained.	12/7/2025 12:40 PM
14	Year round school to match real life.	12/7/2025 10:40 AM
15	Separated sections around campus that each hold their own responsibilities. Which ever section performs the best by the end of a certain time receives an award and is recognized for it. This helps boost and elevate student discipline while also maintaining order and structure around school.	12/5/2025 8:48 PM
16	More covered areas to eat	12/3/2025 7:12 AM
17	More music and art spaces. More nature spaces where they can see plants grow from seeds during class and recess, instead of only special events or field trips.	12/2/2025 10:01 AM
18	More play structures and bigger library	12/1/2025 6:27 PM
19	play spaces (wall ball, four square, tetherball), areas for older students to hang out	12/1/2025 9:10 AM
20	There should be fewer hidden spaces to get into trouble at the high school. There should be access to more positive things for students at the high school to do during breaks and lunch so they aren't bored. Basketball, soccer, ping pong, boardgames, arcade, music studio, gardens...	12/1/2025 9:00 AM
21	More social and emotional trainings	11/30/2025 6:46 PM
22	Lockers for middle schoolers. Would allow secure storage of backpacks and the cell phones.	11/30/2025 6:05 PM
23	More spaces for student lead clubs in elementary. Suitable track for sports on elementary campuses. Running through gopher hole grass is not ideal	11/30/2025 3:39 PM

Paso Robles JUSD Facilities Master Plan Survey

		11/30/2025 2:50 PM
25	More freedom!	11/30/2025 11:51 AM
26	Smaller Class Sizes	11/23/2025 1:48 AM
27	Playground, play ground equipment: balls, jump ropes, other sports equipment	11/22/2025 6:34 PM
28	More shaded areas for students on campus - not just shade from the side of the buildings.	11/21/2025 10:20 AM
29	Give us back a second middle school and send 6th grade back to middle school.	11/19/2025 6:59 PM

Q26 How valuable would more outdoor learning environments be?

Answered: 65 Skipped: 11

	NOT VALUABLE	SOMEWHAT VALUABLE	EXTREMELY VALUABLE	TOTAL	WEIGHTED AVERAGE
(no label)	1.54%	33.85%	64.62%	65	1.37
	1	22	42		

#	ADDITIONAL COMMENTS:	DATE
1	More outdoor learning environments are incredibly valuable, boosting academic engagement, mental/physical health, and crucial life skills like creativity, teamwork, and resilience, by offering hands-on, sensory experiences that reduce stress, improve focus (especially for ADHD), and foster deeper connections to nature and learning itself.	12/17/2025 8:31 AM
2	Given that we have a competitive marching band program on this campus, it would be really nice if there were a dedicated space for the band to actually practice their field show drill more than once a week. Most other competitive programs practice on the field several days per week, and on this campus we are not able to do that currently - it would be similar to asking the football team to only practice one afternoon a week and then expecting them to win state championship.	12/9/2025 2:10 PM
3	Not enough green space on campus to provide diversity of plants, animals, ec for outside learning.	12/9/2025 10:15 AM
4	My students love when we can go outside to work on coursework. I think this would be extremely beneficial.	12/8/2025 7:28 PM
5	Opportunities to beautify the campus by allowing students to plant gardens or plant in the ground rather than just cups in our classrooms.	12/7/2025 12:40 PM
6	Outdoor learning environments allow students to interact freely with the world around them, letting them apply learning knowledge to real-world situations.	12/5/2025 8:48 PM
7	No room for the at jr high	12/3/2025 7:12 AM
8	Outdoor learning has been proven to foster learning and reduce bullying and tension. It should not be so difficult to implement daily outdoor learning, especially since we live in Paso Robles and the weather here is perfect during several parts of the day (except hot hours in summer).	12/2/2025 10:01 AM

Paso Robles JUSD Facilities Master Plan Survey

9	Assuming they are used well.	12/1/2025 9:00 AM
10	Outdoor material needs to be color coordinated to match grades to reduce the number of older kids intimidating younger kids.	11/30/2025 6:46 PM
11	The campus is so busy (multiple gradelevels at recess throughout day), hard to find a place to take my middle school students outside.	11/30/2025 6:05 PM
12	Unfortunately there is not room for more outdoor learning with this many students on campus.	11/19/2025 6:59 PM

Q27 What would help keep students engaged and learning and keep the campus a desirable place to be?

Answered: 34 Skipped: 42

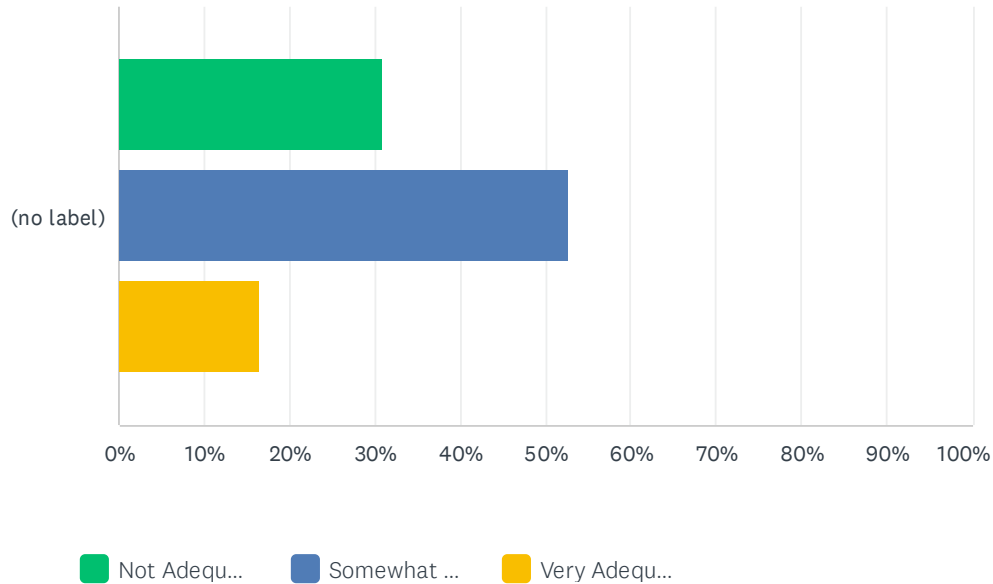

#	RESPONSES	DATE
1	Increase teacher salaries to pool more talent. Top tier talent understands the strategies involved for student engagement. Allocation of resources for tangibles isn't sufficient. One must focus on teacher retention and value-salary increases are absolutely essential.	12/17/2025 8:31 AM
2	I think that more hands-on agriculture electives would keep students engaged in learning.	12/11/2025 8:32 PM
3	Stop pretending it is safe, and all remedies to provide instruction that meets every child is provided. Students can be served by providing merit based class placement.	12/11/2025 2:38 PM
4	Up to date and well maintained facilities.	12/10/2025 8:43 AM
5	Cleaner campus, posters in more organized fashion, designated student/staff parking, improve daily announcements, include students in national anthem events, more activities at lunch, promote athletics/theatre/band, include SPED students more, add clean, welcoming and promoting signage (leadership, cheer, clubs), provide classroom materials (desks, supplies), add more Bearcat logos (posters, flags, banners, stickers, tattoos, etc.).	12/9/2025 11:59 AM
6	More greenery	12/9/2025 11:55 AM
7	There input in curriculum and topics. More hands on, not just worksheets and chromebook.	12/9/2025 11:40 AM
8	Student and staff safety. Better discipline and consequences. Smaller classroom sizes. More campus supervisors. Enforce the dress code. Leadership.	12/9/2025 11:38 AM
9	Increase staff members to help reduce overall class sized. provide additional support for mental health and counseling services.	12/9/2025 10:15 AM
10	better student connection/engagement. feeling valued, heard, seen	12/9/2025 8:32 AM
11	The high school would benefit extremely from having YONDR bags like the school(s) in the district that have implemented this. Phones are the biggest distraction preventing kids from focusing at school and the high school has not done enough to address this issue.	12/9/2025 7:34 AM
12	Parental and District support	12/8/2025 6:27 PM
13	Less students in each classroom, there is not enough space for the amount of students that are crammed into each room.	12/8/2025 3:37 PM
14	Aside from the classroom facilities, having a clean, well maintained, landscaped, and updated campus is ideal, as well as having adequate space for kids to play, hang out, and be able to eat lunch.	12/8/2025 9:54 AM
15	Art and music and drama class for everyone	12/7/2025 9:19 PM
16	Bullying is an issue and students don't like to school	12/7/2025 5:47 PM
17	Seeing more permanent beautification projects, and seeing trophies and banners.	12/7/2025 12:40 PM
18	Clean, well staffed, relevant to real life	12/7/2025 10:40 AM
19	We need more discipline: when a student does something wrong, they are given a consequence ESPECIALLY for disrespect to staff. TARDIES are the FOUNDATION of discipline. If a student understands that there will be a CONSEQUENCE for being tardy, they will be late and bother classes less often. Then all other discipline stems from this. Then, and only then, will campus be a desirable place to be.	12/7/2025 8:39 AM
20	Removing phones during class periods, but then allowing to use them only during nutrition and lunch.	12/5/2025 8:48 PM

Paso Robles JUSD Facilities Master Plan Survey

21	More support staff for kids with aggression	12/3/2025 12:05 PM
22	Alternative Ed for those who cannot behave	12/3/2025 7:12 AM
23	Varied activities, not boring kids with screen time. Being able to play outside even during rainy days. Rainy days are perfect for catching insects outside. Ask parents to bring their kids in rain boots. They will be fine.	12/2/2025 10:01 AM
24	More to do during breaks. More student-centered and student-led approach to teaching, especially in middle and high school. It seems the instruction is too adult-driven. Students are passive recipients of adult decisions. The goal seems to be compliance above all else.	12/1/2025 9:00 AM
25	Really seeing who the children and allowing teachers to meet the child where they are. They need to reduce class size and find teachers who want to make connections.	11/30/2025 6:46 PM
26	Lockers.	11/30/2025 6:05 PM
27	Better technology upgraded buildings	11/30/2025 3:20 PM
28	Much less focus on the trans community Say and teach the pledge of allegiance	11/30/2025 2:50 PM
29	Less monotony during the day. More hands on and stem or outdoor instruction.	11/30/2025 11:51 AM
30	Smaller Class Sizes	11/23/2025 1:48 AM
31	More organized outside activities during recess	11/22/2025 6:34 PM
32	More time outside to Move around	11/21/2025 9:30 AM
33	Fix the behaviors so teachers can teach. Allow discipline at the sites.	11/21/2025 8:06 AM
34	Better student to teacher ratios, electives, feeling safe in the classroom.	11/19/2025 6:59 PM

Q28 How adequate are playgrounds, fields, and physical education facilities for students?

Answered: 55 Skipped: 21

	NOT ADEQUATE	SOMEWHAT ADEQUATE	VERY ADEQUATE	TOTAL	WEIGHTED AVERAGE
(no label)	30.91% 17	52.73% 29	16.36% 9	55	2.15

#	ADDITIONAL COMMENTS:	DATE
1	During adverse weather, a dedicated indoor space with basketball hoops would serve the students well. The multipurpose room is not sufficient. An outdoor track would also be ideal.	12/17/2025 8:31 AM
2	There absolutely needs to be a shade structure over the playground area. It's regularly VERY hot and sunny in Paso Robles.	12/15/2025 2:51 PM
3	I think that there should be better air conditioning in the gym, also, for the wrestling team, I think that they should have a larger space to practice in as well as more mats.	12/11/2025 8:32 PM
4	No air conditioning in gymnasiums Paso Robles temperatures should be a priority.	12/11/2025 2:38 PM
5	I don't work in this department and am not sure.	12/10/2025 8:43 AM
6	Again, there are limited options for use of the space making it feel inadequate.	12/9/2025 4:03 PM
7	The Kindergarten play area is unsafe and the surrounding tiles are a tripping hazard.	12/9/2025 3:06 PM
8	GB Dual Immersion needs an updated track and field; the gym seems nice and is a big upgrade from the previous campus although it might be old.	12/8/2025 9:54 AM
9	Fix TK and kindergarten playgrounds	12/7/2025 9:19 PM
10	Facilities needs are different for a primary and middle school.	12/7/2025 12:40 PM
11	Elementary school playgrounds are lacking.	12/7/2025 10:40 AM
12	PE classes have the worst discipline in the schools. It's an if/then statement: if students can act wild, scream to bother others, put their hands on other in ONE class, they feel that it is	12/7/2025 8:39 AM

Paso Robles JUSD Facilities Master Plan Survey

appropriate in ALL classes. Then they come to all other classes with that assumption. Behavior starts in PE classes.

13	The fences surrounding the Ivan Huff Track are not fitting. Permanent fencing around it would be better. If the bleachers can be handled as well to get a permanent type, this would also be extremely beneficial.	12/5/2025 8:48 PM
14	Field has lots of trip holes.	11/30/2025 6:46 PM
15	Field needs improvements, lots of holes and uneven surfaces. Gym is excellent. Be good to have bars set up for kids to do climbing excersizes (pullups, etc).	11/30/2025 6:05 PM
16	We have no playground yet	11/30/2025 4:40 PM
17	Pat Butler playground is terrible. The black top and basketball hoops need updating. The grass area is nice but it would be great to have a level dirt track at the perimeter for track	11/30/2025 3:39 PM
18	The PE and sports programs seem to be Suff	11/30/2025 3:20 PM
19	Our kids get injured all the time from the grass field and our playground is small and outdated.	11/30/2025 11:51 AM
20	Kids need more play structures.	11/21/2025 9:30 AM
21	Our field is awful! Worst grass in the district.	11/21/2025 8:06 AM
22	Again, so many students on campus leads to conflicts with schedules and space. In addition to them planning on taking half of our courts for portables, it is less than ideal. Unless you are at Georgia Brown.	11/19/2025 6:59 PM

Q29 What improvements would most benefit student physical activity and wellness?

Answered: 27 Skipped: 49

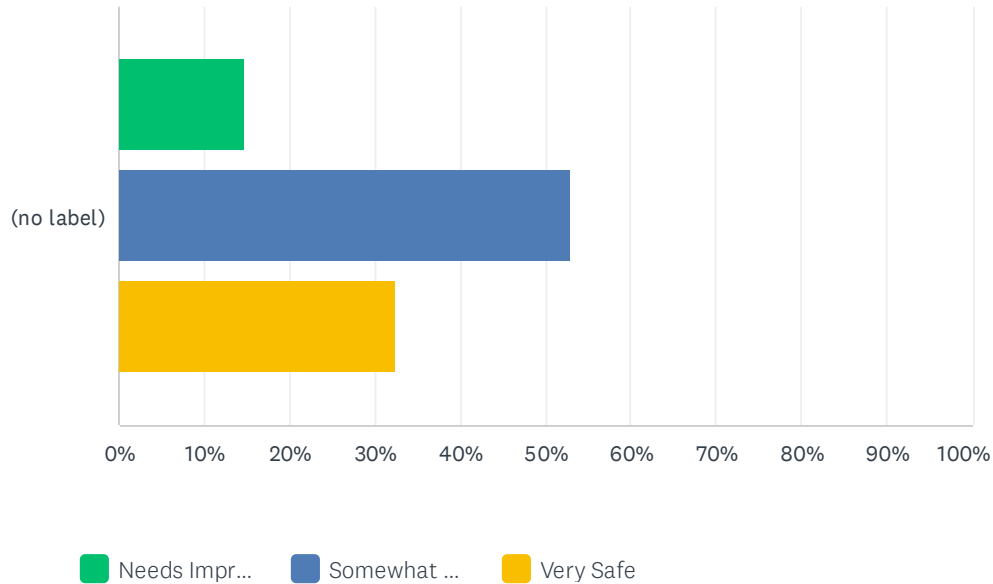

#	RESPONSES	DATE
1	Continue elementary athletics. Policy & Environment: Supportive school rules, safe facilities, clean equipment, proper scheduling, and a positive, inclusive culture. Curriculum: A standards-based plan covering: Physical Skills: Locomotor (run, skip), manipulative (throw, catch, kick), non-locomotor (balance, stretch). Physical Fitness: Aerobic, strength, flexibility. Knowledge: Rules, strategies, health benefits, self-management. Social-Emotional Skills: Teamwork, respect, fair play, leadership. Appropriate Instruction: Qualified Teachers: Certified PE specialists. We need more! Active Time: Students engaged in moderate-to-vigorous activity 50%+ of class. Results in better performance during class. Varied Methods: Differentiated instruction, positive reinforcement, student leadership. Student Assessment: Measuring physical skills, fitness knowledge, and participation, not just performance. Currently, there is no follow up to physical activity...an introduction to the physiology is a good start.	12/17/2025 8:31 AM
2	First the kindergarten playground structure at Pifer.	12/14/2025 6:47 PM
3	The locker rooms aren't very well supervised and there aren't enough lockers. I also think that it should be emphasized to keep cross sex locker room and bathroom entrances.	12/11/2025 8:32 PM
4	Air conditioning in the gymnasium.	12/11/2025 2:38 PM
5	Unknown	12/10/2025 8:43 AM
6	A suitable space for wrestling at PRSH. The current space is not suitable for the amount of athletes practicing. It's unsafe and doesn't allow the team to practice as a whole. The school has never taken the time in its history to make a space for wrestling.	12/9/2025 3:13 PM
7	Longer recesses.	12/9/2025 12:19 PM
8	High school track is in need of resurfacing to prevent further chronic injuries in athletes and students. Adding an additional field in the back behind baseball cages to allow for more space for PE or athletics to practice when multiple sports are trying to use the field for games/practices. High school practice gym acoustics is also horrible. Extremely hard to teach/coach in there with the echo especially with 50+ students/athletes in there at once.	12/9/2025 10:05 AM
9	More shaded spaces, and at the high school making use of the field behind baseball. It currently just houses weeds but could be turned into a sporting field or additional space to take a class for outdoor science labs.	12/9/2025 8:34 AM
10	If we could build an indoor field facility behind the baseball field that would allow PE to have enough room to operate on both hot and rainy days. This would also be great for all of the outdoor sports over summer as they could keep there practice times consistent and not have to change due to the heat.	12/9/2025 8:28 AM
11	A proper track and field space for junior high at GBDI	12/8/2025 10:40 AM
12	More shade structures and new playgrounds	12/7/2025 9:19 PM
13	A sport program for every grade.	12/7/2025 5:47 PM
14	Primary and middle school having their own equipment to avoid bullying at recesses.	12/7/2025 12:40 PM
15	We need more discipline: when a student does something wrong, they are given a consequence ESPECIALLY for disrespect to staff. TARDIES are the FOUNDATION of discipline. If a student understands that there will be a CONSEQUENCE for being tardy, they will be late and bother classes less often. Then all other discipline stems from this. Then, and only then, will campus be a desirable place to be.	12/7/2025 8:39 AM
16	Emphasizing student athletics in general and pushing students to be a part of a sport team	12/5/2025 8:48 PM

Paso Robles JUSD Facilities Master Plan Survey

	drives prosperity not only in athletics, but in academics too.	
17	More variety/ie exposure to different sports	12/3/2025 12:05 PM
18	More room for the kids to play and field repairs	12/3/2025 7:12 AM
19	Parents enroll their kids in extracurricular activities because school does not offer them. Did you know physicsI activity within the circadian rhythm hours has proven to reduce bullying and provide a healthy outlet of energy, and that kids learn better overall?	12/2/2025 10:01 AM
20	More play areas	12/1/2025 6:27 PM
21	Areas for elementary teachers to store PE equipment that is easy to get to. Adding in wall ball.	12/1/2025 9:10 AM
22	Sensory style play structure	11/30/2025 6:46 PM
23	The playground at Kermit kind is dangerous along with the ground	11/30/2025 6:13 PM
24	More funding for transportation to games and practices, and the locations of the practices, and how parents are supposed to transport kids to, and from is actually to me separating the rich from the poor	11/30/2025 3:20 PM
25	Lunch time athletic programs, real baseball fields, soccer goals, more equipment.	11/30/2025 11:51 AM
26	Empty grass space needs to be utilized.	11/21/2025 9:30 AM
27	Tetherball, ball wall wall, better grass fields	11/21/2025 8:06 AM

Q30 How safe and secure do you feel the campus entry and exit points are?

Answered: 68 Skipped: 8

	NEEDS IMPROVEMENT	SOMEWHAT SAFE	VERY SAFE	TOTAL	WEIGHTED AVERAGE
(no label)	14.71% 10	52.94% 36	32.35% 22	68	1.82

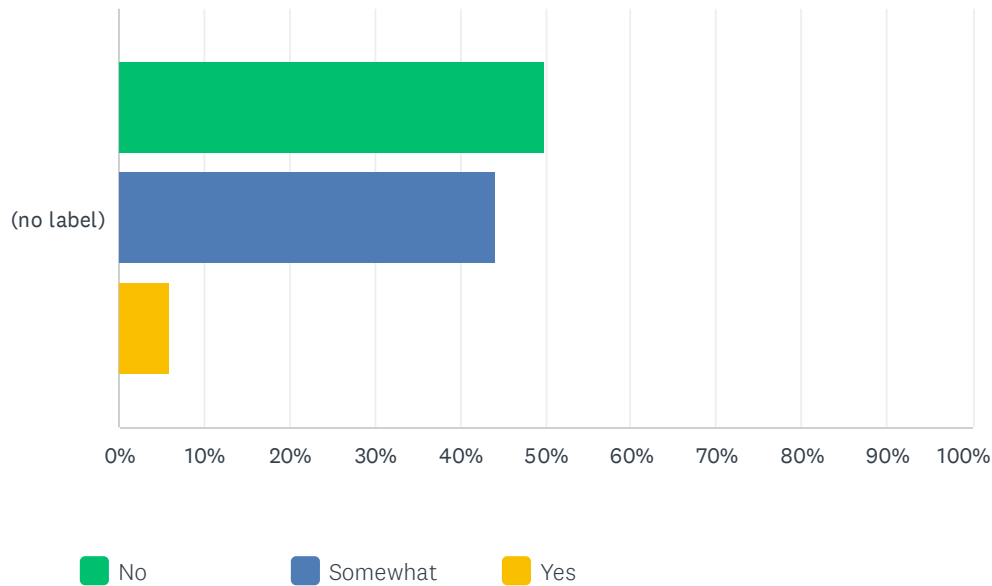

#	ADDITIONAL COMMENTS:	DATE
1	Would encourage video surveillance & panic, buttons	12/17/2025 8:31 AM
2	The campus at Lewis Flamson is unsafe. Adequate supervision is lacking and the facility is not sufficient for the number of students to provide a safe high level learning environment.	12/11/2025 2:38 PM
3	While we are fenced and gated, there are many exit/entrance points on campus that are not secure. These include students stepping over the fence by the 100's building and exiting campus off the track. If students can easily leave, then people can easily enter campus as well.	12/10/2025 8:43 AM
4	The front seems to have really safe gates; the back and side entries should be evaluated	12/8/2025 9:54 AM
5	When city of PR is doing construction and maintenance on Creston, traffic becomes congested,	12/7/2025 12:40 PM
6	We need more discipline: when a student does something wrong, they are given a consequence ESPECIALLY for disrespect to staff. TARDIES are the FOUNDATION of discipline. If a student understands that there will be a CONSEQUENCE for being tardy, they will be late and bother classes less often. Then all other discipline stems from this. Then, and only then, will campus be a desirable place to be.	12/7/2025 8:39 AM
7	I always feel intimidated to cross the parking lot when exiting out of the front of the school.	12/5/2025 8:48 PM
8	I don't like to be looked upon when I try to walk my kid to class in the morning as if any parent could be a potential threat. But I understand America's schools have not been safe and I understand the paranoia.	12/2/2025 10:01 AM
9	At the D.O., I feel very safe. At the high school, I see much opportunity for students to lead one another astray.	12/1/2025 9:00 AM

Paso Robles JUSD Facilities Master Plan Survey

10	The school is very old and has not been kept up. It is not in good shape and needs a lot of work.	11/30/2025 3:20 PM
11	Very secure	11/21/2025 9:30 AM
12	Fencing can be fixed.	11/21/2025 8:06 AM

Q31 Are parking and drop-off/ pick-up areas adequate for daily operations?

Answered: 68 Skipped: 8

	NO	SOMEWHAT	YES	TOTAL	WEIGHTED AVERAGE
(no label)	50.00% 34	44.12% 30	5.88% 4	68	2.44

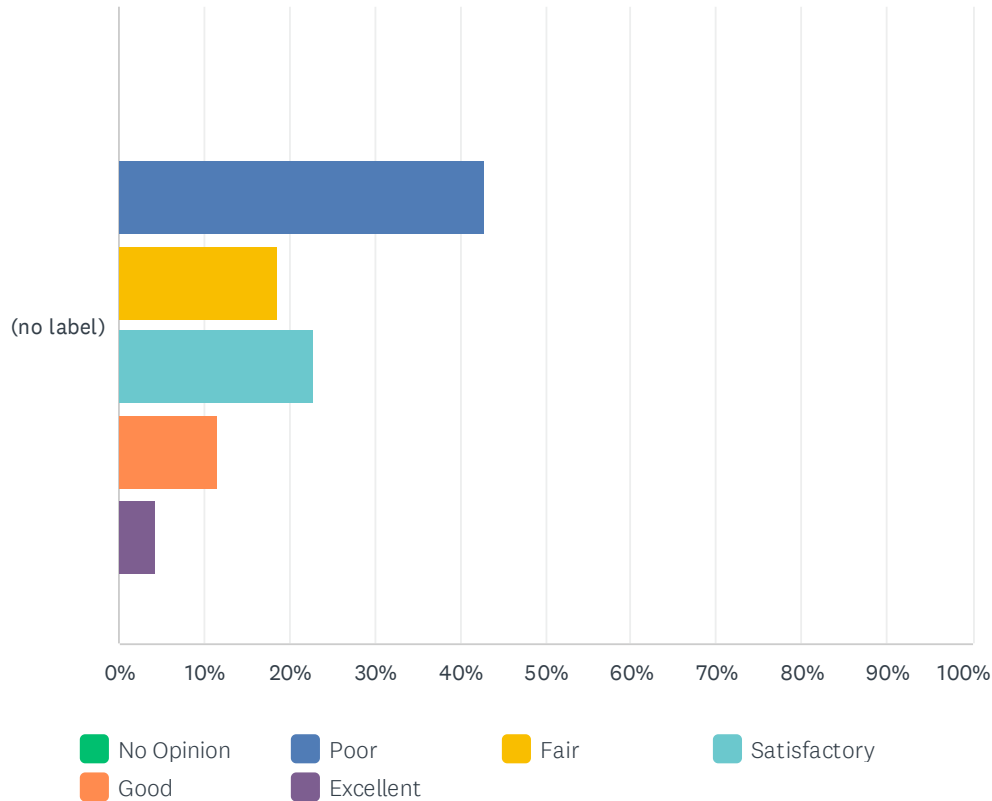

#	ADDITIONAL COMMENTS:	DATE
1	Countywide these are always an issue. At this site, folks regularly park in non designated areas and the surrounding business (golf course). The question is where would folks park if they could not use the golf course parking lot?	12/17/2025 8:31 AM
2	Drop off and pick up are deficient at most campuses.	12/11/2025 2:38 PM
3	It takes 1/2 hour to get out of the parking lot.	12/10/2025 10:03 AM
4	The parking lot is extremely congested during drop off and pick-up.	12/10/2025 8:43 AM
5	The drop off/parking is very limited for a growing student body. There isn't enough on site parking and no through traffic options for a quick drop off making morning traffic congested or unsafe as kids are just exiting vehicles in the roadway.	12/9/2025 4:03 PM
6	There is no staff parking. Parents park in the staff parking starting at 7:30 am and wait for the gates to open at 7:45. Many parents walk their students to the gate and walk students on campus to hang their backpacks up. Other parents sit in their cars in parking spots on their phones and watch their child as they wait for the gates to open. When parents start leaving it is already 7:45- 8:00 preventing staff from using the parking spaces. The other issue is the parent pull their cars out of the parking spaces into the unloading area and stop the flow of traffic. traffic backs up a block into Lana st. preventing staff from reaching campus. Lastly, parents pulling their cars out of parking spaces after drop off is dangerous and I have seen some close calls where kids or cars are almost hit.	12/9/2025 3:06 PM
7	Not currently, but this is difficult to gauge fairly with the current construction going on.	12/9/2025 2:10 PM
8	impossible to enter or leave campus	12/9/2025 12:15 PM
9	Too much traffic. Better flow needs to be created. Staff parking should be gated and separate from the public.	12/9/2025 11:38 AM

Paso Robles JUSD Facilities Master Plan Survey

10	no enough parking to support all students and staff on high school campus	12/9/2025 10:05 AM
11	With so few students being bussed out parking lot is severely impacted at the high school for both pick up and drop off and many of the parents and student drivers to not follow posted signs.	12/9/2025 8:34 AM
12	There is enormous amounts of traffic after school	12/9/2025 8:22 AM
13	Horrible, all of the above is a daily problem.	12/8/2025 3:37 PM
14	Pick up and drop off need improvement	12/7/2025 9:19 PM
15	Not right now with the construction under way.	12/7/2025 12:40 PM
16	At Lewis-Flamson: NO! Who designed that parking lot?	12/7/2025 8:39 AM
17	Some bottlenecking and congestion at the high school/Liberty/District Office	12/1/2025 9:00 AM
18	Kermit has no drop off lane. It is ridiculous and unsustainable. There is an odd parking lot at the west side of campus, used for nothing, that might be leveraged if reconfigured.	11/30/2025 7:36 PM
19	Parking is an issue	11/30/2025 5:23 PM
20	Parking lot is in	11/30/2025 3:20 PM
21	Principal has taken away the drive through drop off in the morning and kids are being let out randomly and crossing streets in an unsafe manner	11/30/2025 11:51 AM
22	Lot of back up in the parking lot. Fencing needs to be extended.	11/21/2025 8:06 AM
23	It would benefit the school if the back solar lot at KK could be turned into a drive through lot for drop offs since the district cannot seem to get bus drivers for routes.	11/19/2025 6:59 PM

Q32 Parking(in terms of: clearly demarcated parking for staff, faculty and visitors; adequate signage; accessibility and convenience.)

Answered: 70 Skipped: 6

	NO OPINION	POOR	FAIR	SATISFACTORY	GOOD	EXCELLENT	TOTAL	WEIGHTED AVERAGE
(no label)	0.00%	42.86%	18.57%	22.86%	11.43%	4.29%	70	3.84
	0	30	13	16	8	3		

#	ADDITIONAL COMMENTS:	DATE
1	Parking is limited and many students have to park off campus which can be dangerous for them to walk to campus from neighborhood parking..	12/10/2025 10:03 AM
2	Again, onsite parking is limited but street parking works. Will continue to be a concern if the student body numbers continue to increase.	12/9/2025 4:03 PM
3	Terrible parking at the high school. Kids park with staff. Permits are issued but are not enforced.	12/9/2025 3:13 PM
4	There is no staff parking. Parents park in the staff parking starting at 7:30 am and wait for the gates to open at 7:45. Many parents walk their students to the gate and walk students on campus to hang their backpacks up. Other parents sit in their cars in parking spots on their phones and watch their child as they wait for the gates to open. When parents start leaving it is already 7:45- 8:00 preventing staff from using the parking spaces. The other issue is the parent pull their cars out of the parking spaces into the unloading area and stop the flow of traffic. traffic backs up a block into Lana st. preventing staff from reaching campus. Lastly, parents pulling their cars out of parking spaces after drop off is dangerous and I have seen some close calls where kids or cars are almost hit.	12/9/2025 3:06 PM
5	It is incredibly difficult to find parking if you are a staff member that works part time and gets in	12/9/2025 2:10 PM

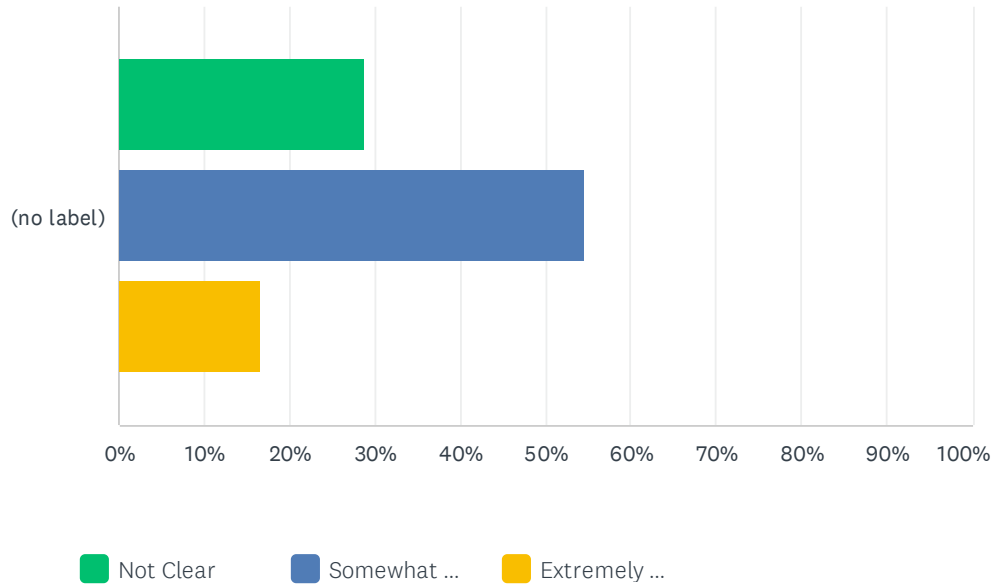

Paso Robles JUSD Facilities Master Plan Survey

after 8:30am. Some of that is due to the construction, but it is also because students park in the staff parking areas.

6	students always park in staff lot and are not discouraged from doing so	12/9/2025 12:15 PM
7	Students are parking in staff spaces due to lack of enough to support all individuals on campus	12/9/2025 10:05 AM
8	Often have no space to park if coming from off campus for a meeting or appointment because too many students are parked in staff spaces	12/9/2025 8:34 AM
9	students frequently park in staff spots. people speeding through the parking lot.	12/9/2025 8:32 AM
10	Staff knows where the staff lot begins, but students do not.	12/9/2025 8:22 AM
11	Students park in staff parking all the time and nothing happens.	12/9/2025 7:58 AM
12	Staff parking is not specifically restricted. Often during the day, too many cars are attempting to park on campus and not enough spaces are available. People of all stripes occasionally have to park across the street at the district office and walk over to the high school campus. Faculty cars and staff are not isolated from poor driving skills of teenagers.	12/8/2025 10:10 PM
13	Parking is horrible and a problem each day, we need an entirely different staff parking with no parent parking.	12/8/2025 3:37 PM
14	There's just not enough parking to support this campus; the city just took away parking across the street from the campus (red curb) that parents needed to use for GB events or the ability to walk their child into school without further impacting parking in the neighborhood	12/8/2025 9:54 AM
15	Not enough parking for staff	12/7/2025 9:19 PM
16	Demarcation for staff marking (office) should be permanent. Ramp from parking lot could be redone.	12/7/2025 12:40 PM
17	Need more parking. Most parents have to walk and park to go get kids from neighborhood areas	12/1/2025 6:27 PM
18	Parking lot lines do not exist. The way the parking lot is put together is dangerous. Exits and entrances are not well marked not safe for kids or parents.	11/30/2025 3:20 PM

Q33 How clear is wayfinding (signage, directions, navigation) on the campus?

Answered: 66 Skipped: 10

	NOT CLEAR	SOMEWHAT CLEAR	EXTREMELY CLEAR	TOTAL	WEIGHTED AVERAGE
(no label)	28.79% 19	54.55% 36	16.67% 11	66	2.12

#	ADDITIONAL COMMENTS:	DATE
1	There aren't really signs saying where the office or bathrooms are.	12/15/2025 2:51 PM
2	Because the buildings have been added over time, the numbering of buildings is very confusing. 400 building is next to the 800 building and the 500 and 600 building are on the opposite side of campus. I know this is the result of the addition of buildings over time, but very confusing for new students, new staff, and visitors.	12/10/2025 8:43 AM
3	When I first started on campus, it was very difficult to navigate. Even giving basic rooms like "Bearcat Hall" names doesn't help because there is no signage for where those places are located. It's just not clear at all.	12/9/2025 2:10 PM
4	A little map at the front of campus might be beneficial for visitors who are often lost when trying to find sporting complexes afterschool	12/9/2025 8:34 AM
5	I'm not sure if there is signage?	12/8/2025 9:54 AM
6	They need to be updated as some are damaged or broken	12/7/2025 12:40 PM
7	A disproportionate amount of money has been spent on signage. The marquees in front of the schools were way too expensive for all the remaining schools. That money should have been spent elsewhere.	12/7/2025 8:39 AM
8	lines on the ground directing foot traffic could reduce issues with traveling students interfering with recess and pe of younger grades.	11/30/2025 6:05 PM
9	The set up of the school is not adequate for the amount of time kids have to get to and from classes considering the way the school is set up is very spread out very thrown together for	11/30/2025 3:20 PM
10	We need an Admin or Office sign by or above the office.	11/21/2025 8:06 AM

Q34 Pedestrian Circulation(in terms of: demarcated pedestrian path to and from school's entrance; connections to municipal sidewalk network.)

Answered: 66 Skipped: 10

	NO OPINION	POOR	FAIR	SATISFACTORY	GOOD	EXCELLENT	TOTAL	WEIGHTED AVERAGE
(no label)	3.03%	13.64%	31.82%	30.30%	16.67%	4.55%	66	3.24
	2	9	21	20	11	3		

#	ADDITIONAL COMMENTS:	DATE
1	There should be crosswalks on all sides of the campus	12/17/2025 8:31 AM
2	Students are not moving in a controlled manner as there is inadequate supervision.	12/11/2025 2:38 PM
3	We need a walkway from the side parking lot to the front office across the front lawn area. Students, guests, and parents have to	12/9/2025 3:06 PM
4	there is a crossing area to the admin office/front of school, but walking through the parking lot (staff parking area specifically) can prove hazardous with speeding cars/ distracted driving/double parking	12/9/2025 8:32 AM
5	Could still be improved and pushing city to finish their projects that affect the school	12/8/2025 9:54 AM
6	At Lewis-Flamson? No! 500 students wait on busy & dangerous 8am 24th street every morning before the gates are open to *pretend* to lock their Yonder bags?	12/7/2025 8:39 AM
7	There is a bush when exiting GB that blocks the view from drivers and it is uphill, so accelerating there is a risk because any pedestrian can be walking by and not be seen since a bush is blocking the view.	12/2/2025 10:01 AM
8	Especially because there is no designated drop off lane, parents and children are forced to	11/30/2025 7:36 PM

cross the street all around the campus. In the north side, there are no crosswalks or crossing guards. This leads to Kinder.

Q35 Bicycle Access(in terms of: identified area for bicycle storage; clearly demarcated bicycle path to and from a storage area.)

Answered: 63 Skipped: 13

	NO OPINION	POOR	FAIR	SATISFACTORY	GOOD	EXCELLENT	TOTAL	WEIGHTED AVERAGE

1	No bicycle storage	12/17/2025 8:31 AM
2	I wouldn't want to lock my bike up in any bike rack.	12/7/2025 8:39 AM
3	seems like we have a very large bike parking area.	11/30/2025 6:05 PM
4	Very dangerous a kid got hit by a vehicle last year	11/30/2025 3:20 PM

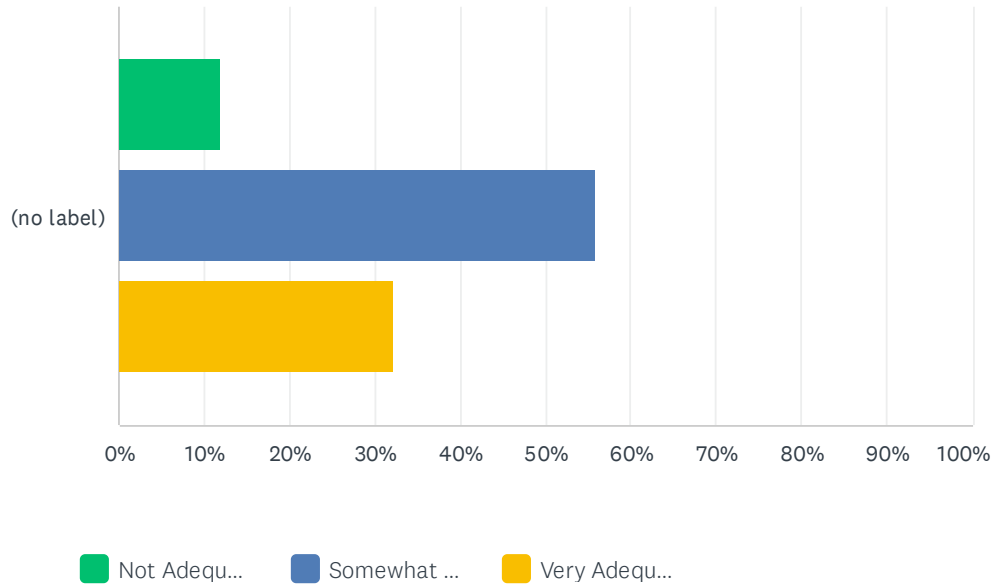

Q36 What Site / Infrastructure issues most impact the ability for instruction?

Answered: 15 Skipped: 61

#	RESPONSES	DATE
1	Overcrowded classes and inflexible spaces.	12/17/2025 8:31 AM
2	The main hallway is very crowded during passing periods and it is extremely difficult for students to make it to class on time, which can disrupt instruction.	12/11/2025 8:32 PM
3	The campus at Lewis Flamson is unsafe. Adequate supervision is lacking and the facility is not sufficient for the number of students to provide a safe high level learning environment.	12/11/2025 2:38 PM
4	I would say in general we have very old classrooms with very limited technology.	12/10/2025 8:43 AM
5	Lack of signage. I can't imagine how a new student even begins to find their way around here. I'm a staff member and still don't know my way.	12/9/2025 2:10 PM
6	Lack of technological resources.	12/9/2025 11:38 AM
7	Students struggling to find a place to park in the morning causing them to be late to classes.	12/9/2025 10:05 AM
8	lack of parking space for guests/staff	12/9/2025 8:32 AM
9	Allowing parents to get their kids to school safely (with adequate parking and drop off) is essential.	12/8/2025 9:54 AM
10	Provide more wellness spaces for kids to let their wiggles out, especially during rainy days.	12/2/2025 10:01 AM
11	It's crowded. We don't need TK on our campus. Those kids can go to another school for TK and then come to our school for Kindergarten. TK takes up valuable classroom space that we need for K-8	11/30/2025 4:40 PM
12	The high school	11/30/2025 3:20 PM
13	Huge class sizes in small classrooms, no access to labs, poor equipment for PE and recess, poor Sped program.	11/30/2025 11:51 AM
14	This doesn't affect ability for instruction, but there Should be steps between street parking on 17th to front of school lot. Right now, everyone just walks through little patch of landscaping and the step up/down to the lot is steep. I've seen a few people slipped... someone is bound to break an ankle eventually.	11/21/2025 10:20 AM
15	Too many students/grades crammed into a campus.	11/19/2025 6:59 PM

Q37 How adequate are spaces for counseling, administration, and library services?

Answered: 59 Skipped: 17

	NOT ADEQUATE	SOMEWHAT ADEQUATE	VERY ADEQUATE	TOTAL	WEIGHTED AVERAGE
(no label)	11.86%	55.93%	32.20%	59	1.80
	7	33	19		

#	ADDITIONAL COMMENTS:	DATE
1	more offices/cubicles for centralized support in counseling offices. access to admin/nurse/safety being funneled through counseling	12/9/2025 8:32 AM
2	Elementary and middle school students have different counseling needs, so it would be beneficial to have one for each level. The same can be said for library services as well.	12/7/2025 12:40 PM
3	The counseling department needs their own piece to the campus, as the space they are in is overly-cluttered and disorganized for student-needs.	12/5/2025 8:48 PM
4	It took my daughter 16 times emailing her counselor to get help	11/30/2025 3:20 PM

1	Increase salaries	12/17/2025 8:31 AM
2	I feel that teachers have all benefits that are listed above.	12/11/2025 8:32 PM
3	Salaries that they can live on and being valued and getting support from the district. Better	12/10/2025 10:03 AM

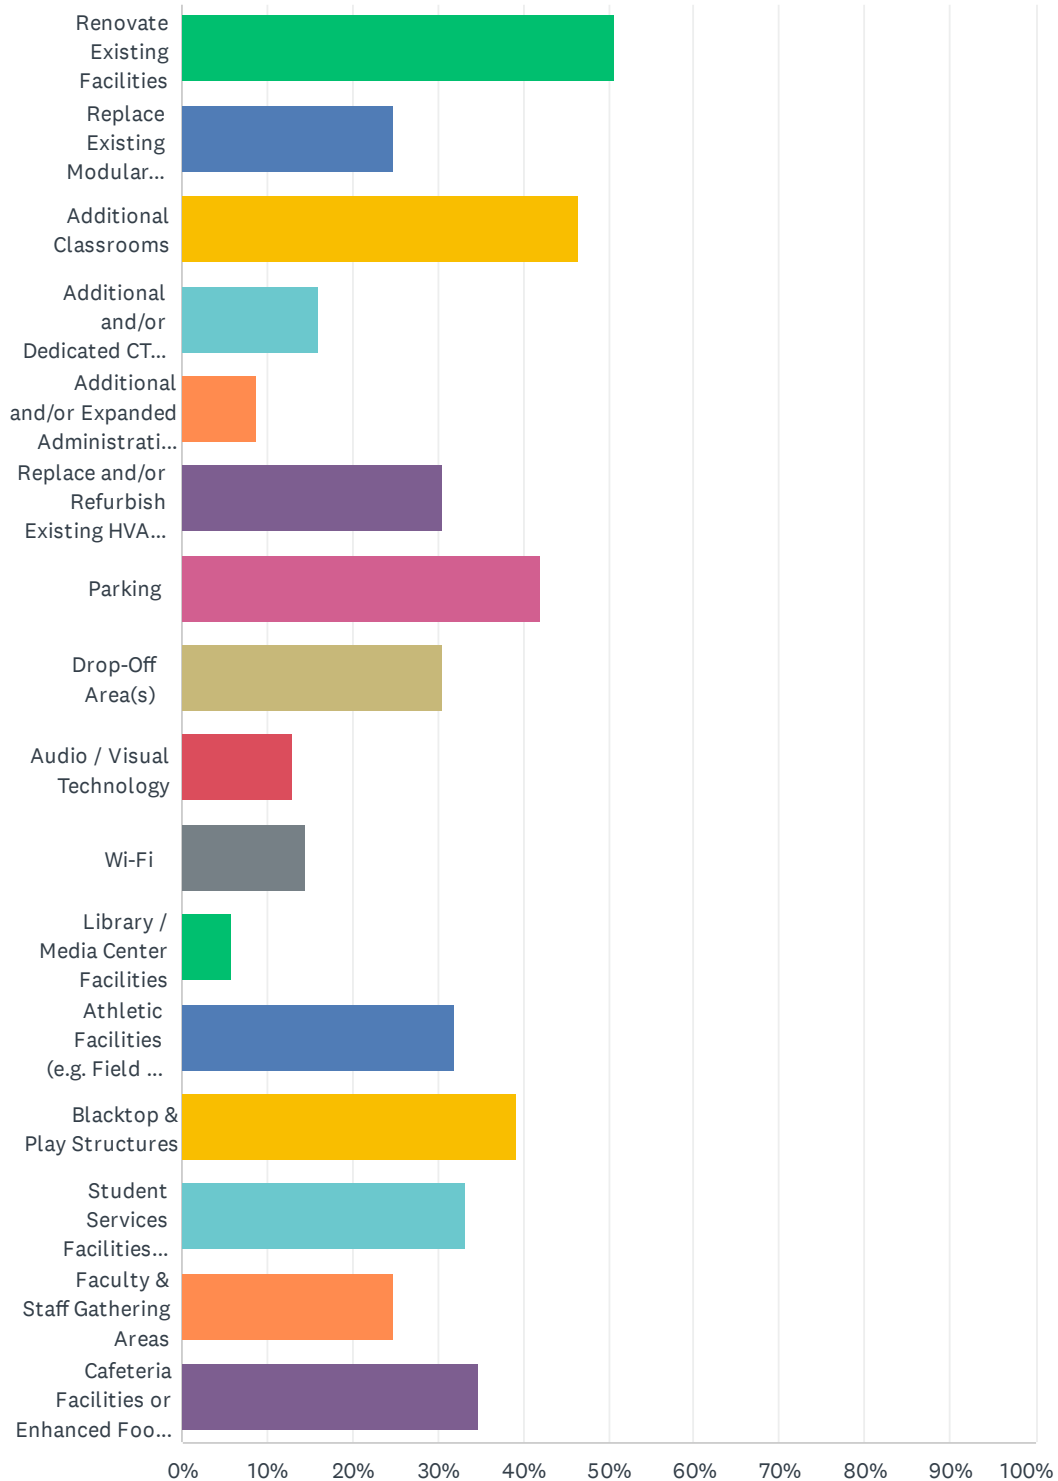

Paso Robles JUSD Facilities Master Plan Survey

communication from district and being involved with decision making.

4	The just make do with limited resources attitude is hard on teachers. We have great CTE programs on campus that do not have the resources they need and they are very vocal about their needs. However, a significant amount of money is being spent on adding a new CTE pathway. We have new curriculums like Wayfinder and WestEd that cost a significant amount of money and take a significant amount of teacher time, but don't seem to have a direct benefit to student outcomes. A concern is that what we are doing isn't always supported well, but we keep adding.	12/10/2025 8:43 AM
5	Support staff work room. There are many staff that have lost offices that no longer have a quiet place to work on campuses, especially SPED support staff.	12/9/2025 12:19 PM
6	Having time to collaborate with other staff, and receiving adequate support from admin.	12/9/2025 11:55 AM
7	Better leadership. Leadership that follows protocol for small and large details. An actual dress code that is enforced. Consequences that have an impact on student behaviors. Better pay that is on par or above surrounding counties.	12/9/2025 11:38 AM
8	The integration of ipad uses for instruction would benefit me and my staff greatly. With screen sharing/ screen play capabilities	12/9/2025 8:22 AM
9	Smaller class sizes	12/9/2025 7:34 AM
10	Child care/discounts for after school care	12/8/2025 7:28 PM
11	A wage which is represented by the communities increases housing pricing	12/8/2025 6:27 PM
12	A room with air conditioning that works, it is so uncomfortable to here each day.	12/8/2025 3:37 PM
13	Having time to plan as 30 minutes is not enough. WestEd PLC absorbed the bulk of our time on Mondays, and our other prep time. We're having to prep and plan on our own prep time.	12/7/2025 12:40 PM
14	Teacher's pay.	12/7/2025 8:39 AM
15	More support staff for kids who can't listen, etc	12/3/2025 12:05 PM
16	One teacher per 28 students does not help with the retention of teachers. Reduce class sizes as it has been proven to improve learning for all kids.	12/2/2025 10:01 AM
17	Organization and flow of staff lounge and teacher work room.	12/1/2025 9:10 AM
18	A more student-centered approach where all are focused on student success (rather than adult convenience) would yield better results hence making teachers feel more rewarded. The more we focus on adult needs (especially at the expense of students' needs), the more we reinforce a top-down paradigm.	12/1/2025 9:00 AM
19	Smaller class size maybe that means shorting school days to have two sets of children	11/30/2025 6:46 PM
20	Keep all politics out of schools.	11/30/2025 2:50 PM
21	Smaller Class Sizes!!	11/23/2025 1:48 AM
22	More time to plan that doesn't require getting a sub.	11/22/2025 6:34 PM
23	Competitive pay	11/19/2025 6:59 PM

Q40 What do you think are the District's greatest needs, at this time? (Please select (5) five)

Q41 Please share any additional comments or suggestions for improving school facilities.

Answered: 17 Skipped: 59

#	RESPONSES	DATE
1	Good idea to conduct assessments to identify facilities weaknesses/needs as well as involvement of stakeholders (parents, teachers, community, law enforcement) into the planning process early on to build consensus and a sense of ownership. Diversify Funding: Look beyond standard budgets. Explore options such as: Local and state grants. School bonds that require community approval. Corporate sponsorships and individual donations. Renting out school facilities for community events. Prioritize Sustainability: Incorporating energy-efficient solutions (e.g., LED lighting, high-performance HVAC, solar panels) can reduce long-term operational costs and attract potential green-focused grants.	12/17/2025 8:31 AM
2	I have no comment.	12/11/2025 8:32 PM
3	Stop kowtowing to emotional pleas from an ineffective Georgia Brown program and focus on a safe learning environment for all our Junior High students.	12/11/2025 2:38 PM
4	Plan for a wrestling room so future athletes can practice in a safe environment.	12/9/2025 3:13 PM
5	Not solely depending on ParentSquare for parent communication as not all parents are familiar and comfortable using this app. Also, the amount of communication being sent is overwhelming.	12/7/2025 12:40 PM
6	1) Teacher's pay. We used to be THE district to work for. 50+ teachers applying for a position. Now we have TWENTY PERCENT 20% TURNOVER! There have been EIGHT NEW PRINCIPALS IN SEVEN YEARS at Lewis-Flamson!	12/7/2025 8:39 AM
7	I am not getting enough help from the Library Tech Support. Their attitude and demeanor is inappropriate for student assistance. They do not lend a hand in helping us students fix our technological issues we may have.	12/5/2025 8:48 PM
8	We love our teachers in GB!! I know the effort and dedication they put in, specially using their own money or resources to buy supplies. Things we need in Georgia Brown: Reduce student:teacher ratio. Improve ventilation in order to reduce kids getting sick often. Improve teaching to natural resources like soil, water, wood. Add more field trips per year. We are only having one "nature" farm field trip in Georgia Brown per school year. Expose kids to more art elements other than crayons and watercolors. Add oils and pastels. Add music classes. They make kids smarter and the school could be getting better ratings overall. Expose kids to stem classes early on. Add more teachers and qualified helpers. Some substitute teachers are not qualified. They look "not fresh" and seem to be there for the pay only. Add active, dynamic and energetic teachers and staff so that we can have more classes with less amount of kids per teacher. Encourage all parents to volunteer in class. Clean bathrooms more often. My son sometimes does not want to go because it says it smells.	12/2/2025 10:01 AM
9	The elementary schools all look well-kempt and conducive to student success. The staff at PRJUSD all seem to care very much, which is amazing. We are on a great path forward!	12/1/2025 9:00 AM
10	Children ranging from 5-8th grade is a big difference mentally and I think for the safety of kids that recess and breaks should have their own space.	11/30/2025 6:46 PM
11	We need a ramp leading up to the middle school quad at Georgia Brown. The existing dirt ramp is closed off for students to walk up (last year a 6th grader slipped). There is a lack of ADA accessibility to the 100 building. I can't move a science cart down to the lower rooms without navigating a bumpy dirt hill or unlocking gates and taking outside sidewalk to the front of the school.	11/30/2025 6:05 PM
12	It's crowded. We don't need TK on our campus. Those kids can go to another school for TK and then come to our school for Kindergarten. TK takes up valuable classroom space that we need for K-8	11/30/2025 4:40 PM

Paso Robles JUSD Facilities Master Plan Survey

14	The athletic fields need to be addressed asap! They are dangerous.	11/30/2025 11:51 AM
15	Smaller Class Sizes	11/23/2025 1:48 AM
16	In summary... - More shade on campus. - Food and nutrition needs attention. Thank you.	11/21/2025 10:20 AM
17	Make budget cuts to the high administrative jobs, not those working hands on with the students. Do more to service ALL students, not just the low end.	11/19/2025 6:59 PM
